

CENSUS 2001 - Release of Information

The Census is the only national survey to be based on a 100% count rather than a sample, it is an extremely important source of information, providing an accurate snapshot of the socio-economic characteristics of Scotland's people.

Full census results are available on the [Scottish Census Results OnLine \(SCROL\)](#) website

1 - Population Report issued on 30th September 2002

This report contains final figures of the resident population as at Census Day (29 April 2001), for Local Authority and Health Board Areas.

[Click here](#) to view the first census results.

2 - Key Statistics for Council and Health Board Areas

This dataset provides a complete picture of all Local Authority and Health Board areas across Scotland using the full range of census data.
