Decision by the Moray Local Review Body (MLRB)

- Request for Review reference: Case LR123
 - Site address: 7 Blantyre Place, Portknockie, Buckie
 - Application for review by Mrs Sharon McLean, c/o Mr Robin Manson, CR Smith against the decision of an Appointed Officer of The Moray Council.
 - Planning Application 15/00397/APP for replacement of 11 windows.
 - Unaccompanied site inspection carried out by the MLRB on 26 August 2015.
 - Date of decision notice: 28 September 2015
-

Decision

The MLRB agreed to uphold the request for review and grant planning permission, subject to the conditions appended to this decision notice. Attention is also drawn to the informative notes which follow the conditions.

1. Preliminary

- 1.1 This Notice constitutes the formal decision of the MLRB as required by the Town and Country Planning (Schemes of Delegation and Local Review Procedure) (Scotland) Regulations 2008.
- 1.2 The above application for planning permission was considered by the MLRB at the meeting held on 27 August 2015.
- 1.3 The MLRB was attended by Councillors C. Tuke (Chair), G. Coull (Deputy Chair), G. Cowie and R. Shepherd.

2. Proposal

- 2.1 This is an application for planning permission for the replacement of 11 windows at 7 Blantyre Place, Portknockie, Buckie.

3. MLRB Consideration of Request for Review

- 3.1 There was submitted a 'Summary of Information' report setting out the reasons for refusal, together with copies of the Report of Handling, Notice of Review, Grounds for Review and supporting documents.
- 3.2 The MLRB agreed that it had sufficient information to determine the request for review.
- 3.3 With regard to the unaccompanied site inspection carried out on 26 August 2015, the Planning Adviser advised that Members were shown the site where the proposed development would take place.
- 3.4 The Planning Adviser advised the MLRB that the application had been refused on the grounds that the proposal failed to comply with Policies BE3, H5 and IMP1 of the Moray Local Plan 2008 by virtue of the proposed material finish the replacement windows fail to preserve or enhance the character of the conservation area and that the use of uPVC is not a historically accurate material finish that is original to the building or that which characterised the conservation area in the first place.
- 3.5 Referring to the Applicant's Grounds for Review, the Planning Adviser advised that the Applicant had stated that the property is an unlisted building within Portknockie Conservation Area and the existing timber windows were inefficient and unsightly. They had advised that the selection of window style and colour was based on an assessment of the building and its character and that uPVC has a positive contribution to sustainable development in that the frames are recyclable whilst timber is more troublesome given the contaminants of fillers, paints, solvents etc. used over their lifetime.
- 3.6 The Applicant stated that the actual window performance (U-value) is greater with uPVC than timber; that uPVC is easier to maintain and there were numerous examples of uPVC replacement windows in the street.
- 3.7 Councillor Coull, having had the opportunity to visit the site and consider the Applicant's Grounds for Review, stated that the proposal was not detrimental to the surrounding area, where uPVC was already present, and was being proposed in a sympathetic manner. Accordingly, he moved that the appeal be upheld and planning permission be granted, subject to standard conditions.
- 3.8 Councillor Cowie stated he was of the same opinion as Councillor Coull and seconded his motion.
- 3.9 There being no one otherwise minded, the MLRB agreed to uphold the appeal and grant planning permission, subject to standard conditions.
