

The FUTURE of PUBLIC SERVICES in MORAY

Public services will need to work ever more closely with each other and with communities to meet the twin challenges of increasing demand and diminishing resources.

Help us shape services fit for the future by joining us for an evening's discussion.

The way services are delivered is changing

All events take place from **7pm to 9pm**.

There will also be an opportunity to engage in the preparation of the strategic plan for the **integration of Health and Social Care Services in Moray**.

This plan will be created by listening to and involving everyone to make sure that we get it right.

It will set out the challenges ahead and how resources will be used to meet the health and social care priorities for Moray.

The discussion will set out how people can get involved in deciding what health and social care needs exist through locality planning.
