Subject: MLRB - LR138 - Planning App 15/01380/APP: Kinloss Garage, Kinloss

Jim,

At last Thursday's meeting, the LRB deferred consideration of the above review and delegated authority to yourself, in consultation with the Chair and the Transportation Manager, to determine whether a suspensive condition can competently address traffic flow at the site and, if it is competent, provide a draft condition for the MLRB's consideration.

Paperwork for the next LRB meeting needs to be to me by Friday 15 January – can you please advise me in due course whether a response will be available by this date?

If you have any queries, please do not hesitate to contact me.

Kind regards,

Darren
