**Subject:** Planning Application 16/01653/APP - proposed Caretaker's house at Covesea Golf Course.

I am writing to you in support of the Planning Application 16/01653/APP  
- proposed Caretaker's house at Covesea Golf Course.

I would support the application for a single story caretaker's house at the course. The inclusion of a relatively small, low level house would be less visually intrusive on the area than a larger golf house/restaurant that would include a caretaker's unit. I believe the inclusion of an on-site residential unit, which led to the destruction of the previous facility, is essential to ensure that the arson attack is not repeated.

Yours sincerely, Hugh Andrews
