## Information for Parents

The school website <a href="https://blogs.glowscotland.org.uk/my/linkwoodprimaryschool">https://blogs.glowscotland.org.uk/my/linkwoodprimaryschool</a> has links to The Moray Council webpages and includes an A-Z of useful information.

## Welcome

Welcome to Linkwood Primary School Handbook for 2025. At Linkwood we take great pride in developing all aspects of children's learning and wellbeing making use of both the indoor and outdoor environment. We are committed to offering our families opportunities to share in their child's learning through 'Shared Learning' visits in school and by sharing information through a variety of media, ensuring you are aware of the experiences your child is enjoying in our wonderful learning environment and also that you are confident of supporting your child's learning at home.

Linkwood is a very happy school where everyone is encouraged to work hard and to the best of their ability. We live by our values and ask that our children are kind, responsible, positive and creative, so that everyone feels safe and ready to learn.

On our website parents can find a copy of the school's annual **Standards and Quality Report** which gives information about the school's achievements over the last session and the **School Improvement Plan** which outlines our priorities for this session.

We hope this handbook gives you the information you are looking for, please get in touch with any queries.

We look forward to welcoming you to our school.

Fiona Stevenson Headteacher

https://engb.facebook.com/Linkw

oodPrimarySchool/

Our school was created in 2016 with our new school building open toing P1-7 mainstream and Additional Support Needs pupils in January 2021. The adjacent nursery accommodates approximately 50 children. We are a non-denominational Primary School with a current roll of 265 children. The new school building can accommodate approximately 430 pupils with 2 classrooms per primary stage with an Enhanced Provision for children with Additional Support Needs, known as The Woodlands for approximately 12 children. The P1, P2, Nursery and ASN provisions all open onto outdoor play spaces with the nursery and ASN provision being enclosed by secure fencing and P1 classes opening onto the playground.

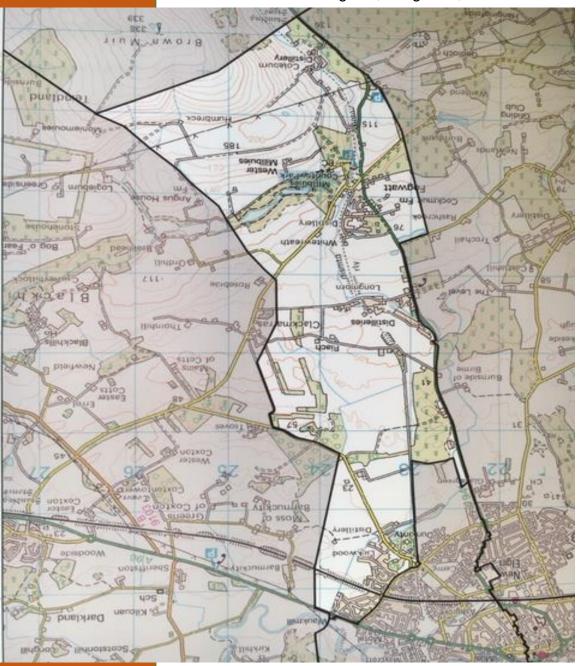

Indoors we have a large multi-use dining area with staged seating; early years exploration area; gym hall with changing facility; roof terrace for outdoor learning; life skills room; library; general purpose room and a tutorial area, known as 'The View' for exploration activities.

The outdoor space includes an all-weather Multi Use Games Area (MUGA); outdoor classroom with seating, sandpit, secure wetland area for supervised activities and two additional grassed spaces for sports and play.

We are so fortunate to have easy access to the local woodland area of Birkenhill Woods, the Linkie Burn and an old railway crossing. The new Moray Sports Centre is our close neighbour with the Avenue Path linking us to it. Parents are invited to park at the Sports Centre and walk the short distance to school allowing for safe and easy active travel to school

## Catchment Area

Linkwood Primary School serves the Linkwood area, in the east of Elgin, along with the surrounding rural area to the south-east which includes small settlements at Fogwatt, Longmorn, Millbuies and Coleburn.

For more information on Moray Council School Catchment areas please follow this link

http://intmaps.moray.gov.uk/imf/imf.jsp?site=services

At the time of publication, the information contained within this Handbook is correct but it may be subject to change during the current session or in subsequent years. This Handbook has been prepared by the Head Teacher of Linkwood School and follows guidelines set out by The Moray Council and The Scottish Government.

## **School Dates**

## **Ethos**

The children at Linkwood enjoy a happy, inclusive atmosphere. We work hard to inspire children to engage in learning by providing fun, challenging and purposeful learning experiences. We want our children to be confident and happy in their learning, to know themselves as learners and to have the inner motivation to work hard and to achieve. We want to empower our children to think for themselves and to know that they are valued and respected. Your child's wellbeing is at the heart of all that we do.

At Linkwood Primary we welcome everybody. Our door is always open to our families and our community. Parents can contact us at any time if they have a concern and can discuss this with the class teacher or your query will be directed to one of our management team. If someone is not immediately available, it may be necessary to make an appointment.

Linkwood is a Solution Oriented School which means that we are committed to working out solutions rather than focusing on problems. We work hard to build relationships and to involve the pupils in finding solutions. Staff are very positive, work well together as a team and have high expectations of pupil's achievement and behaviour. These are shared with the pupils.

This underpins everything we do at Linkwood Primary as we endeavour to promote children's development of the four capacities as outlined in the Curriculum for Excellence.

## **Developing the Four Capacities at Linkwood**

**To develop as Successful Learners** children will experience a planned, balanced and varied curriculum which employs a variety of teaching methods and activities. Pupils are encouraged to be responsible for identifying their next steps and to be aware of themselves as learners.

**In order to become Confident Individuals** children will receive appropriate support to meet their individual needs and will develop positive attitudes towards their life and work. Their successes will be celebrated and they will be encouraged to lead a healthy and active life.

As Responsible Citizens children will be encouraged to enrich the school and its community by acting responsibly and by valuing the unique culture and traditions of the past. They will take part in decision making in the course of all curriculum and classroom activities. Equal opportunities will exist for all and individual differences of race, culture and belief will be respected and celebrated.

As they become Effective Contributors children will be encouraged to work on their own and also in teams to apply their thinking skills, to create and develop ideas and to solve problems. Encouraging them to think about their learning and how they learn will promote attitudes of self-reliance and enterprise.

## Vision, Values and Aims

Our Values: Are for everyone to be

kind responsible positive creative

## Our Vision

Is to foster a love of learning and prepare children for the future by equipping them with the skills and abilities to succeed in learning, life and work.

## Our Aims

- To create a happy and welcoming environment where everyone feels cared for, safe and valued.
- To ensure that our pupils experience high quality, purposeful and relevant learning and teaching.
- To develop a school community which fosters a sense of belonging and respects the immediate environment, the wider community and the world beyond.
- To fully include pupils, families, staff and the wider community in our work to continually develop a forward thinking, reflective and improving school.

## The Linkwood Way

We have worked with our school community to create a way of being that we expect all our pupils to adhere to, this as know as 'The Linkwood Way'. The children have designed characters to help them remember this and our values. We refer to Linkwood Lily and Linkwood Ninja who help remind us 'This is how we do it here'

# We belong to Linkwood Primary

This is how we do it here...

# The Linkwood Way

we always show our best Linkwood Way

· Door holding

## Curriculum Rationale updated May '22

Our Curriculum Tree on the following page illustrates how we hope to achieve our vision. The branches of the tree are detailed below with the main drivers for our curriculum highlighted in bold. We have incorporated the numbers of the articles of the United Nations Convention of the Rights of the Child which are most reflected.

Articles 3,12, 23, 28, 29, 30

## We understand our children, families and community are at the heart of all we do.

Our School is friendly and welcoming. We want to ensure our children feel safe, valued and ready to learn by building strong relationships with them and their families so that everyone is a valued member of our school community.

Our Bucket Filling Philosophy ensures kindness comes first and kind words and actions are rewarded.

We carefully plan transitions from nursery, from class to class and to secondary school as well as within the school day, within mainstream and our Enhanced Provision so our pupils can feel safe and their learning journey is as smooth as possible. We work carefully with our partners to support families and the developmental needs of the individuals. We offer an inclusive environment where everyone is respected and their learning needs are considered carefully. Children are shown dignity and respect by all staff. Their rights are respected and they have a voice.

## 'I am engaged and developing a love of learning'

Articles 13,28,29,31

## We understand how children learn best and provide experiences and the environment to best support this.

We offer our children a rich and engaging curriculum, which helps develop creative thinkers and encourages children to consider life beyond Linkwood and the role they have in respecting and protecting their immediate and wider world. Our staff are professional, reflective and ambitious and are continuously and actively seeking to move the school forward for the benefit of our children, planning for experiences which evoke wonder and curiosity.

We embrace our environment and involve pupils in planning the future through child led planning and online Learning Journals. 'Leading our Learning' sessions and play-based/ exploratory learning opportunities help develop independence by enabling children to transfer their learning to real life contexts, deepening their knowledge and understanding.

Articles 12,13,15, 17, 28,29,30

## Our curriculum meets the seven broad principles of the Curriculum for Excellence: challenge and enjoyment, breadth, progression, depth, personalisation and choice, coherence and relevance

Children learn in all four contexts: through the ethos and life of the school; through curriculum areas and subjects; through interdisciplinary learning and through opportunities for personal achievement.

Pathways for curricular areas are robust and offer clear progressions in learning. Learning is assessed carefully and teaching considers the child's developmental stage in order to build strong foundations. Progress is tracked carefully to ensure learners meet their potential.

Leadership is fostered at all levels within the school by children, staff and staff with clear goals. Independent Learning is a tool used in every classroom to encourage children to apply their skills in a variety of contexts and have the choice of when and how to do this. Experiences are carefully planned to evoke curiosity and motivate independent thinking. We have a Pupil Council which represents all classes. Learning journals illustrate a child's learning journey and allow us all to see the next steps in learning that have been identified between the child, their teacher and their families.

## 'Where will I go using my Learning Powers?'

Articles 6,12,

## We try to understand the barriers our children might face in their learning and give them tools to overcome these and build resilience.

We build the child's capacity to manage their emotions and develop resilience so they are better prepared to deal with challenges throughout their lives. Children use their learning powers to describe the tools they are using to overcome challenge and find solutions. We use the Bucket Filling philosophy, Zones of Regulation, Emotion Coaching, Restorative approaches and Peer Mediation to give children the emotional language to express themselves and help them manage their decisions.

Where will I work using the skills I learn?

Articles 13,17,29

## Equipping our pupils with the skills they need for learning, life and work.

Ultimately, we want to 'Prepare for the Future' ensuring all our children go on to meet their potential and find success and happiness in their chosen careers as Responsible Citizens, Confident Individuals, Effective Contributors and Successful Learners. We teach our children what skills they will need in learning, life and work and help them evaluate which they are strongest at and which they need to develop. We engage with employers to ensure our children know about the world of work and understand which skills they will need to work in different environments.

## Linkwood School Strategic Development Plan

At Linkwood Primary, we aim to improve educational experiences for all of our learners. We have identified a number of improvement priorities for session 2024-25:

- 1. Improved attainment through high quality learning and teaching of literacy, numeracy and maths.
- 2. Supporting all learners by ensuring the wellbeing of all by supporting resilience and inclusion.
- Leadership of Learning opportunities for all by ensuring learning and teaching opportunities are high quality, rich and engaging. Experiences should be child led and well mapped out across the year.

## **Moray Education**

Strategic Priorities | 2024-2027

## Parents as Partners

## Linkwood Family Forum

We are very fortunate to have the support of an active parent council team and wider parent body at Linkwood. We work closely together to benefit our children in many different ways.

The following parents have been elected to represent your interests:

## Parent Representatives

Amy Cruickshank Chairperson Vicky Lang Treasurer

Tracey Peden Secretary

Staff Members Miss Main/ Miss Graf Head Teacher Mrs Fiona Stevenson

Meetings are held on a regular basis throughout the year with usually one meeting per term. Parents are notified of meetings through the school newsletter and on Facebook. Information and minutes of the meetings are displayed on the school web-site and are available from the Parent Council. If you would like to get involved in the work of the parent council please contact the school or Amy

The Parent Council exists to support the school in:

- its work with pupils
- representing the views of parents
- o promoting contact between the school, parents, pupils and the local community
- reporting annually to the parent forum

## Parents as Partners

At Linkwood Primary we have an "open door" policy. You are welcome at any time.

We recognise that you as parents are first and foremost the educators of your children and we wish you to be fully involved in this process in partnership with the school.

## Sharing Learning

To keep families informed of what children are learning and how they are progressing, we have invested in a learning app called SeeSaw. Teachers regularly update the whole class journal, illustrating the learning going on and also individual pupil's profiles to highlight progress and next steps. There are whole school announcements shared to keep everyone updated of school news. We share monthly newsletters to keep everyone updated too.

Each October and March we have a Parent Meeting where you will have the opportunity to discuss your child's learning journey, progress and next steps.

We also offer a 'Shared Learning' session each term for families to come into the classroom and find out about an aspect of learning.

We greatly value this partnership with parents and ask that you take an active interest in all that your child does and support us in maintaining the high standards set by the school. We welcome any comments you wish to provide in our home/school reading diaries which all the children have.

<sup>&</sup>quot; what we like about Linkwood is that learning is fun and exciting and that the children are always willing and are able to tell you what they have been learning."

## Volunteers

We welcome visitors into our school to support activities indoors and outdoors. Your child's class teacher will post on Seesaw when they are looking for help and we hold a volunteers list in the office for those of you able to help on a regular basis. Please get in touch if you would like to help out.

You or a family member may have a special skill or work in an interesting job which we would love to hear about if you are able to share with children, either online, in class or as an After-School Club opportunity. Please get in touch if you have.

Parents working directly with children on a regular basis in class or at an After-School Club will be required to be "disclosed" through the PVG (Protecting Vulnerable Groups) Scheme, in line with The Moray Council policy.

## Information for Parents and Carers

The Moray Council has produced a "Notes for Parents and Carers" booklet, which is designed to provide basic information about the education system in Moray and also to detail specific areas of government legislation which may relate to your child's experience at school. This booklet is available from the school, from Education & Social Care, or the Moray Council Internet site <a href="https://www.moray.gov.uk/moray\_standard/page\_47236.html">www.moray.gov.uk/moray\_standard/page\_47236.html</a>

This booklet is also available in other languages.

## School Information

Parents can access the School Improvement Plan and annual Standards and Quality Report from website. A range of information leaflets and parent guides to the curriculum are available from the school office or on our website.

https://blogs.glowscotland.org.uk/my/linkwoodprimaryschool/about-linkwood/galleries/

## Leading Our Learning

Children enjoy a range and variety of activities which consolidate and deepen their learning, ensuring their knowledge and understanding is secure. They are encouraged to lead their own learning by problem solving, sharing ideas, co-planning, being creative and working as part of a team.

Young children learn best through play and it is evident that they are transferring their learning from the classroom into these exploratory sessions. We refer to these learning experiences as LOLs- Leaders of Learning. LOL sessions are planned indoors and out and often involve cross-stage opportunities. We value opportunities for pupils to build independence and offer a range of 'Independent learning' tasks in every class.

All classes enjoy regular outdoor learning opportunities when they can build and develop key skills which will support them in developing skills for learning, life and work.

The skills for work we focus on are:

- Communication
- Creativity
- Employability
- Interpersonal
- Leadership
- Self- Management
- Teamwork
- Thinking

The children confidently talk about their 'Learning Powers' during their learning activities. Learning Powers help us to be better learners and to have a 'Growth Mindset' when we meet problems and challenges.

You may hear your child mentioning the following learning powers at home. You can find out more about these in our Linkwood Learning Powers booklet which can be found on our website.

## **Linkwood Learning Powers Booklet**

- Concentrate
- Don't Give Up
- Be Co-operative
- Be Curious
- Have a Go
- Use Your Imagination
- Keep Improving
- Enjoy learning

## **Successes and Achievements**

Throughout the year our learners enjoy varied opportunities to experience success and achievement. We have a variety of whole school opportunities and yearly events which encourages our school community to build strong connections.

## \_Term 1

Our P7 pupils enjoy a residential trip to Altnacriche near Aviemore, each September. This is a great opportunity to learn to work as a team and experience a range of outdoor activities.

To raise money for school funds we hold a sponsored 'Obstacle-athon' event in September each year. We had great fun completing the course and this year raised a wonderful £2600 for construction toys.

This year we have introduced Leadership Week once a month to allow all our committees to come together and work on their targets. We are working towards a range of awards including Rights Respecting Schools Silver, Eco Schools 2<sup>nd</sup> Green Flag, Reading Schools Bronze. We have 14 Committees and groups who meet to improve our school.

As part of our new whole school programme to ensure all classes have opportunities to perform to their families within the school year, P2 were the first class to present their learning about Harvest. We had almost all P2 families represented.

This year we have created school houses for everybody to be part of. The P7s surveyed the whole school who decided on the theme of castles. The final four castles chosen were: Elgin (AKA as Ladyhill), Duffus, Spynie and Brodie. Each term we undertake a house challenge to raise points along with weekly house point collections. The winning house enjoys a special treat at the end of term.

## Term 2

We invited our Armed Forces Families along to our Remembrance assembly in November and our P7 pupils helped lay a wreath from Linkwood at our local war memorial for Remembrance day. This is one of our P7 transition activities undertaken with our neighbouring associated schools to Elgin High School.

Our Junior Road Safety Officers led assembly promoting road safety week and how to keep safe crossing the road. The Anti-Bullying Gang led our whole school assembly on anti-bullying, this year focused on the theme of 'Respect Me'. P2 led our Harvest assembly where we celebrated the generosity of our community in donating food to Moray Food bank, organised by P7.

Our second Leadership Week took place and Pupil Voice sessions focussed on Anti-Bullying and reviewing our school aims.

We started off our Christmas activities with shared learning opportunities for all classes where families helped make decorations for our hall. We had a wonderful attendance with almost all families represented.

P1 and P7 presented their performance of the Nativity and all other classes shared their talents through Shared Learning session, while their families enjoyed a cuppa. All classes enjoyed a Christmas party and we were delighted to welcome special visitors who delivered construction kits for each class purchased with fundraising money from previous sponsored events and donations from Linkwood Family Forum.

Some pupils from our P3-6 choir performed at our Family Forum's Winter Warmer which was well attended by our community.

21

## Scottish Week

Each year we celebrate Burns Day during our Scottish Adventure. This year we had our annual poetry recitals and included a whole school ceilidh, which was lots of fun. We were joined by members of Elgin Burns Club who presented certificates at assembly. We also enjoyed visits from a Scottish authors, Abigail Thomson and Barabara Henderson.

## **World Book Day**

P4/5 introduced World Book day to us with a wonderful assembly sharing the importance of reading and reading for pleasure and we enjoyed a super day of whole school activities for everyone to enjoy.

## **Comic Relief**

We had lots of fun dressed head to toe in red. A highlight seems to have been the P7 vs staff football match with the staff dressed up! We also loved seeing all the talented performers in our talent show.

## STEM days

STEM week was a huge success with partners from many different companies joining us to explore a range of activities and events including Tech team Moray Council- Microbits

Elgin Library- lending technology resources, Johnstons Woolen Mill, Bri Wignall Physics Teacher Elgin High School- Astrophysics, Morayvia, British Gas,Kathleen McDougall University of Highlands and Islands, RAF, Myd System (Cyber Security)

P3b shared their learning on healthy eating with us at assembly and introduced 'Fruity Fridays' to encourage healthy snacks.

## Term 4

Throughout May we held Healthy Fridays with lots of fun sessions planned to explore: Healthy Minds including a whole school walk to the woods accompanied by lots of our families; Healthy Bodies with a fun filled day of sports and activities held at school and at Moray Sports Centre; Healthy Eating exploring healthy food choices. We had our sports day at school on our new pitch

P4-7 pupils took part in Bikeability to support their safe travel to school.

Earthtime, a local Outdoor Learning group came to work with groups of children and the P2 classes. Lots of fun was had exploring our local woodlands.

P6 and P7 became playmakers to support the younger children at break times. We welcomed our new P1s into our school in preparation for starting school in August.

P7 prepared to join Elgin High School with various trips and visits to join their peers and become familiar with their new environment.

This year we have held a number of coffee mornings to support our military families and offered a lunchtime club for children of service families. The lunchtime group is very well attended by between 25-30 pupils each week. We have had two Pupil Support Workers supporting our military pupils. Our outdoor learning PSW, Mr McConnell has supported groups and individuals to develop a range of skills outdoors and Mrs Bury has offered 1:1, literacy and numeracy support.

The Family Forum have organised lots of fun events including a Family Games night, discos and a Winter Warmer. They have raised

Our school Football teams have been enjoying taking part in Active Schools Football Festivals at Lossiemouth and Elgin High School.

## Promoting Positive Behaviour & Building Relationships

Linkwood Primary prides itself in the very strong relationships which are evident throughout the school. Effective learning and teaching is dependent on positive relationships being established at school and classroom level as well as with our families and wider community. In order to support staff and pupils in creating a productive learning environment we need values which are seen as fair, consistent and easily understood by pupils. Our children at Linkwood Primary are encouraged at all times to follow the school values.

We use our school rules to reinforce these values. These were reviewed in August 2023 and are now very simple. We have Makaton actions that we use to support learners visually with our rules.

Ready Respectful Safe

We follow our 'Building Better Relationships, Learning and Behaviour Policy' which supports a consistent approach across the school.

https://blogs.glowscotland.org.uk/my/public/linkwoodprimaryschool/uploads/sites/5476/2021/10/07164316/Linkwood-Building-Better-Relationships-Learners-and-Behaviour-A.pdf

Good behaviour across our school is evident in our clam, purposeful learning environment. Our children are encouraged to be kind to each other and to be "bucket fillers". House points are awarded to those following our expectations and recognition boards are used within classes to recognise those meeting the agreed expectations of the class.

We encourage positive behaviour by using the concept of an invisible bucket to show children how easy and rewarding it is to express kindness, appreciation and love by filling each other's buckets. We teach children how to care and love each other. When they care about others and show that love by what they say and what they do, they will feel good and fill their own bucket too. You can find out more about Bucket Filling at Linkwood here:

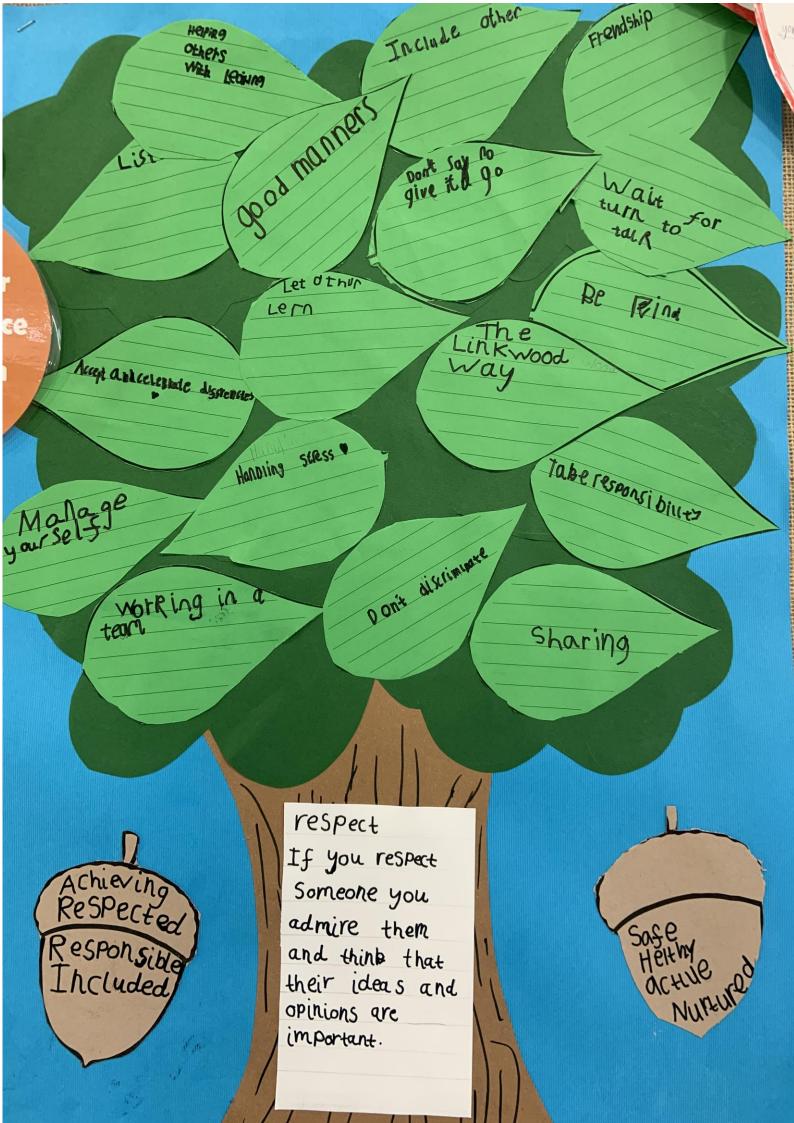

https://blogs.glowscotland.org.uk/my/public/linkwoodprimaryschool/uploads/sites/5476/2020/09/15141 020/Bucket-Filling-Parent-Booklet.pdf

Lunchtimes and breaks are very important times in a child's school day when they are free to form friendships, to structure their own play and to exert self-discipline and responsibility towards others. If they remember these values or rules then the usual childhood disagreements can be managed using a solution orientated approach.

If disagreements do occur then staff will take a 'restorative approach', encouraging all involved to find an agreed way forward which may include a consequence if behaviour falls out with our expectations and rules are broken. Sanctions may include:

- Verbal warning for persistent misbehaviour
- Time out from class to calm down
- Time to reflect during breaktime or for some time at lunchtime.
- Phone call to parents
- In some cases, extreme behaviour may lead to exclusion from school involving violence, dangerous weapons, drugs or alcohol are reported immediately to Education and Social Care, and the Police may also be involved.

## Bullying

Moray Council and Linkwood Primary respects, supports and recognises the National Approach to Anti-bullying as set out in Respect for All (Scottish Government, 2017) and the definition:

Bullying is both behaviour and impact. The impact is a person's capacity to feel in control of themselves. This is what we term as their sense of 'agency.' Bullying takes place in the context of relationships; it is the behaviour that can make people feel hurt, threatened, frightened and left out. This behaviour happens face to face and online. (respectme, 2017)

Moray Council and Linkwood Primary Anti Bullying policies can be found on our website: <a href="https://blogs.glowscotland.org.uk/my/linkwoodprimaryschool/about-linkwood/school-policies-and-information/">https://blogs.glowscotland.org.uk/my/linkwoodprimaryschool/about-linkwood/school-policies-and-information/</a>

Bullying online is just as serious as bullying face-to-face and will be treated equally. Bullying behaviour can include:

- Being called names, teased, put down or threatened face-to-face and/or online
- Being hit, tripped, pushed or kicked
- Having belongings taken or damaged
- Being ignored, left out or having rumours spread about you (face-to-face and/or online)
- Sending abusive messages, pictures or images on social media, online gaming platforms or phone
- Behaviour which makes people feel like they are not in control of themselves or their lives (faceto-face and/or online)
- Being targeted because of who you are or who you are perceived to be (face-to-face and/or online)
- Prejudiced-based bullying based on an individual's actual or perceived identity; it can be based on characteristics unique to a child or young person's identity or circumstance.

The Equality Act 2010 makes it unlawful to discriminate against people with a 'protected characteristic'. These are:

 Age, Disability, Gender reassignment, Pregnancy and maternity, Marriage and civil partnership, Race, Sex, Religion and belief, Sexual orientation

Bullying behaviour is also a breach of the United nations on the Convention on the Rights of the Child (UNCRC). Moray council promotes the values and principles of the UNCRC and supports an ethos of meaningful participation, respect and positive relationships with children and young people. Moray Council recognises that it is every child's right not to be bullied and we must all ensure children and young people are protected from bullying behaviour in order that they feel good about themselves and to give them the chance to achieve all they can in life.

The problem of bullying can only be addressed if the school knows it is happening, so we need to know. Parents who are concerned about any incident should get in touch with the school immediately.

## Procedures

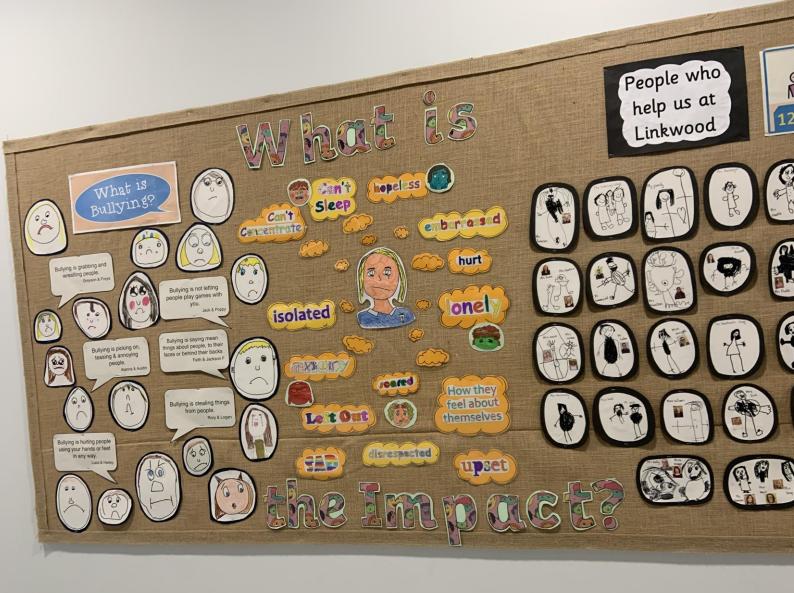

- Victims of bullying, onlookers or parents should report incidents to a member of staff. This can be done in complete confidence and everyone will receive a sympathetic hearing.
- All reports of bullying will be investigated and recorded.

In many cases the problem is resolved at this stage if the incident is found to be a more general behaviour problem. However, if bullying is happening the following procedures apply:

- The Head Teacher will be informed of all incidents of bullying and will become involved as necessary.
- Parents of victims will be informed of the investigation and the outcome.
- Parents of bullies will be informed of incidents and will be given an opportunity to discuss their child's behaviour and the sanctions imposed.

We expect the co-operation of all parents and children in our efforts to ensure that bullying is not tolerated in our school. More information is available on our website:

https://blogs.glowscotland.org.uk/my/linkwoodprimaryschool/about-linkwood/school-policies-and

## **Child Voice**

The children of Linkwood are encouraged to share their thoughts and ideas in lots of different ways. Teachers use a variety of methods in their daily practice to capture children's ideas, thoughts and suggestions including self and peer assessment tasks, floorbooks and reflection time during plenaries at the end of lessons. We plan Project Based Learning opportunities through our topics and 'Challenge and Choice' times to allow pupils to apply the skills and knowledge they have learned.

Self and peer assessment is a key strength of our daily routines and all children are becoming skilled at this. They know their strengths and they can identify what they need to work on next to make an improvement. All children are confident in the use of "tickled pink and green for growth" terminology.

We now have a range of pupil led groups leading improvements in our new school and community: School Ambassadors, Pupil Council, Anti-Bullying Gang, Eco Schools group, Makaton Leaders, Junior Road Safety Officers, Right Respecting Schools, Digital Leaders, Reading Ambassadors, Health and Wellbeing group, Armed Forces Adventurers, STEM leaders, P7 Playmakers, P7 Buddies, Rota Kids.

The Pupil Council helps us make decisions about how to improve our school and is involved in decision making for aspects of school. Our School Ambassador team are working hard to share all the good news of what happens here.

Each month we have a 'Leadership Week' when our pupil groups meet and take their actions forward. While half the school meet in groups, the other half meet together in the gym hall to share their 'Pupil Voice' through activities in small groups.

## Our Curriculum

## Bringing learning to life and life to learning

Curriculum for Excellence (CfE) for all our learners aged 3–18 is now embedded in our schools. The aim is simply to raise standards for our children as we prepare them for the future in our fast-changing world, and to equip them with knowledge and skills for jobs which may not yet exist, whilst ensuring that they have the confidence and self-awareness to make a positive contribution to life in the 21<sup>st</sup> century.

- " Curriculum for Excellence places a focus on learning which encompasses:
  - the ethos and life of the school
  - curriculum areas and subjects
  - interdisciplinary learning
  - opportunities for personal achievement"

(Building the Curriculum 3 June 2008)

The purpose of the curriculum is to help children and young people to become successful learners, confident individuals, responsible citizens and effective contributors. These are known as the Four Capacities. It provides greater personalisation and choice so that learning is more challenging, enjoyable and relevant to the needs, strengths and interests of the children.

Curriculum for Excellence develops skills for learning, life and work to help young people go on to further study, secure work and navigate life. It brings real life situations into the classroom and makes links with knowledge in one subject area to another which helps children to understand the world.

The framework for this consists of Learning Outcomes which describe the expectations for learning and progression in all eight areas of the curriculum. These define the standards and expectations for the whole curriculum.

- Health and Wellbeing personal, social, emotional and physical
- Religious and Moral Education religions, values and beliefs
- Languages literacy, English and modern languages
- Numeracy and Mathematics number work and problem solving
- Sciences understanding our planet
- Social Studies our world past and present
- Expressive Arts art, drama, music and dance
- Technologies food, design and IT

All learning at Linkwood takes account of the principles of curriculum design which ensure challenge and enjoyment, breadth, progression, depth, personalisation and choice, coherence and relevance. This ensures that learning is useful and meaningful for our children.

You may find the following link useful for finding out more information

https://education.gov.scot/scottish-educationsystem/policy-for-scottish-education/policy-drivers/cfe-(building-from-thestatement-appendix-incl-btc1-5)/What%20is%20Curriculum%20for%20Excellence?

## Approaches to Learning

## Play

## 'When I play I learn'

Research tells us that children learn best through the medium of play up to the age of 7 when the brain is mostly developed and able to then follow more formal approaches to learning. However, play & exploration continues to support learning at all ages, allowing us to transfer our thinking into different contexts and 'try out' and experiment with ideas and thoughts. There are lots of opportunities for children to learn through play throughout P1-P7.

## Active Learning

Active learning is learning which engages and challenges children and young people's thinking using real-life and imaginary situations. It takes full advantage of the opportunities for learning presented by:

- · Spontaneous play
- · Planned, purposeful play
- Investigating and exploring
- Events and life experiences
- Focussed learning and teaching

All active learning opportunities can be supported, when necessary, through sensitive intervention to support or extend learning. All areas of the curriculum, at all stages, can be enriched and developed through an active approach.

At Linkwood we use active learning and play to engage and support learners.

## Challenge and Choice Opportunities

These planned opportunities build learner capacity to manage their time, think creatively, work with others and build resilience. This is also a time where learners can apply knowledge and skills they have learned previously through set challenges and tasks alongside opportunities to explore, investigate and have free choice or play.

In the earlier years this time will be well structured and scaffolded so the children are taught how to manage their choices and the consequence of being directed to a task if they haven't allowed time for it. In the upper years learners will have ownership of their time to complete more complex projects/ tasks which may be worked on at home or at school but will have a desired outcome. This will support their study practice as they move on to secondary school.

## Outdoor Learning

We have a strong focus on learning outdoors at Linkwood. Learning outdoors can be enjoyable, creative, challenging and adventurous and helps children and young people learn by experience and grow as confident and responsible citizens who value and appreciate the spectacular landscapes, natural heritage and culture of Scotland.

At Linkwood we have regular, planned opportunities for all classes to learn outdoors. We have weekly LOL sessions- 'Leading our learning' in our playground, we use our environment and local community often to support learning and we use our local woodland area and the Linkie Burn to enhance learning too.

## Literacy

Our ability to use language lies at the centre of the development and expression of our emotions, our thinking, our learning and our sense of personal identity.

The language framework within Curriculum for Excellence is organised into three parts:

listening and talking reading writing

Within our literacy sessions we develop critical and creative thinking as well as competence in listening and talking, reading writing and the personal, interpersonal and team working skills which are so important in life and in the world of work.

## Listening and Talking

Activities are planned which will encourage children to listen and talk individually and in groups for a variety of purposes and to respond to what they have heard. A variety of strategies are used by teachers to ensure that all pupils have an opportunity to contribute to discussions, to perform to audiences and to present their findings in a variety of appropriate ways. Visible Thinking routines are an important toolkit to support this.

## Reading

'Learning to read, reading to learn'

We aim to teach children to read confidently, fluently and independently; to understand and reflect on what they have read and to use what they have read to inform future learning.

Children learn the mechanics of reading, 'decoding', through a high quality phonics programme based on 'Jolly Phonics'. Daily fun sessions provide opportunities for children to develop the skill needed in order to 'decode' words. Developing comprehension of texts allows readers to move from the learning to read, into reading to learn.

We have a whole school approach to teaching reading and provide advice to parents about how they can best support their child, including an emphasis on reading to, and talking with, their children. Jolly Phonics and Oxford Reading Tree are the main reading tools we use and we have a range of comprehension tools including Read and Respond and Nelson Comprehension.

We strive to offer a rich literacy environment that instils an appreciation and love of texts and reading in all its forms, whether for pleasure, leisure or learning. This is a real focus as we work towards becoming a 'Reading School'. Our newly catalogued library supports learners to choose appropriate books to read for enjoyment.

## Writing

We encourage all our learners to develop into thoughtful readers and creative writers. We provide opportunities for children to develop the tools for writing which enables them to write regularly in a variety of different genres and in various curricular areas through our progressive whole school programme.

We use the 'Talk for Writing' approach. Through this multi-sensory and interactive teaching children of all ages and abilities to learn to write a wide range of story/text types using the strategies of:

- \* listening to and learning texts and stories;
- \* taking part in drama and role-play;
- \* drawing and story mapping;
- \* collecting words and language strategies
- \* building their working knowledge of grammar and punctuation.

We follow a whole school spelling programme called 'Wrap Around Spelling' which develops core skill of encoding: building up the written word using codes attached to the sound of the spoken word. Pupils practise spelling words by using the learning structure of: • hear it and say it, • Stretch it and count it, • Write it and mean it, • Grow it and put it in a sentence.

Handwriting is taught through our Linkwood Handwriting programme based on Nelson Handwriting formations and joins.

## Modern Languages

We offer French and German to our pupils through their daily routine, offering our children the opportunity to learn about and use everyday language in an informal and relaxed atmosphere.

In P1-4 the main emphasis is on the spoken word and opportunities for this are planned through enjoyable activities such as group and class games, craftwork and songs using the delightful Camembear resources. Areas covered include: introductions/greetings, classroom objects, days of the week, months, numbers, parts of the body and family members.

Our P5-7 learners are fortunate to have a weekly input from our visiting modern languages teacher who follows a comprehensive programme, developing confidence in using the spoken and written languages.

## Maths and Numeracy

Mathematics is important in our everyday life, allowing us to make sense of the world around us and to manage our lives. It equips us with the skills we need to interpret and analyse information, solve problems and make informed decisions.

The mathematics framework is organised into three parts:

- number, money and measure
- shape, position and movement
- information handling

Looking at real-life problem-solving activities enables pupils to have a clearer understanding of numeracy and mathematics. Children acquire new skills and knowledge more easily when actively involved in their learning. For example, a Post Office or Café creates an opportunity for children to learn how to count and give change. We aim to give our pupils a sound understanding of our number system and to this end we provide a skilful mix of a variety of approaches including:

- active learning and planned purposeful play
- development of problem-solving capabilities
- · developing mental agility
- asking children to explain their thinking
- use of relevant contexts
- using technology in effective and appropriate ways
- promoting and interest in and enthusiasm for numeracy

At Linkwood Primary we place a great deal of importance in developing a range of mental strategies which the children can draw on in real life situations. We use the Big Maths programme to develop confidence and quick recall of number facts and basic skills. We use the Northern Alliance progression for Numeracy and Maths.

## **Technologies**

The technologies framework at Linkwood has five organisers which offer opportunities for personalisation and choice using many different contexts for learning.

- Technological Developments in Society & Business
- Digital Literacy
- Computing Science
- Food and Textiles
- Craft, design, engineering and graphics

Through a mix of interdisciplinary work and discrete subject teaching, we aim to provide challenging activities which involve research, problem solving, and exploration of new and unfamiliar concepts, skills and materials.

We use a range of ICT equipment in our classrooms including interactive smartboards, laptops, iPads, Bee Bots and Codeapillars as well as different apps and websites to enhance learning and teaching and encourage creativity and innovation. Using digital resources in their daily learning enables learners to explore up to date information and experiences.

Being skilled in using ICT is essential if children and young people are to be effective contributors able to communicate and interact on a global scale.

We endeavour to provide information for learners and families to use digital resources in a responsible way and with appropriate care.

We have a comprehensive cooking programme for all age groups which helps support the development of key life skills. This will be well supported by our 'Life Skills' room in our new building.

## Health and Wellbeing

Learning in health and wellbeing ensures that children and young people develop the knowledge and understanding, skills, capabilities and attributes which they need for mental, emotional, social and physical wellbeing now and in the future.

The health and wellbeing framework is organised into four parts:

- mental, emotional, social and physical wellbeing
- physical activity and sport
- planning for choices and changes
- relationships

At Linkwood the children experience aspects of health and wellbeing through focused topics and as discrete lessons. Within these topics we often draw on the expertise of others. Specialists within and outwith the learning community work together to ensure that the children learn in the most effective ways.

We believe that physical education is fundamental to the overall physical development and wellbeing of every child. At Linkwood the children encounter a wide range of practical learning experiences, including working on their own, with a partner and in small or large groups. PE takes place both indoors and out. In line with Scottish government guidelines, children receive at least 2 hours of physical exercise a week.

We place a strong emphasis on mental wellbeing and all classes use 'Zones of Regulation' as a tool to learn about our emotions and how we can manage them. You can find more information about Zones of Regulation in our parents guide on our website.

https://blogs.glowscotland.org.uk/my/linkwoodprimaryschool/parent-zone/zones-of-regulation/

Learning about the 8 wellbeing indicators ensures children have a sound understanding of how to keep safe and healthy. These indicators are embedded in the range of heath and wellbeing lessons children at Linkwood experience. The wellbeing indicators are sometimes known as the acronym

## SHANARRI:

Safe Healthy Active Nurtured Achieving Respected Responsible Included

We have based our Relationships, Sexual Health Programme on the Relationships, Sexual health and Partnerships Scotland programme.

https://rshp.scot

Each level has resources which support the following areas for each primary stage.

- Physical Changes
- Sexual Health and Sexuality
- Role of Parent and Carer
- Positive Relationships.

On our website you can find information leaflets provided at each Level about *Learning at School* and *Learning at Home* and there is an information powerpoint which may be of interest to you.

https://rshp.scot/wp-content/uploads/2019/10/RSHP-School-Powerpoint-to-be-adapted-by-settings.pptx

## Science

Science is an important part of our heritage and we use its applications every day in our lives at work, at leisure and at home.

Through learning in the sciences, children develop their interest in, and understanding of the living, material and physical world. Using the clearly identified organisers of:

- Planet Earth
- Forces
- Biological Systems
- Materials
- Topical Science

Children at Linkwood will engage in a wide range of investigative tasks, allowing them to develop important skills to become creative, inventive and enterprising adults.

## **Social Studies**

Through social studies, children and young people develop their understanding of the world by learning about other people and their values, in different times, places and circumstances; they also develop their understanding of their environment and of how it has been shaped.

The social studies framework is organised into three parts:

- people, past events and societies
- people, place and environment
- people, society, economy and business

At Linkwood, most of the Social Studies curriculum is taught through a theme or topic. More information about this can be found within Interdisciplinary Learning which is explained on page 27 of this handbook

Social studies cover many aspects and it is hoped that through these studies the pupils will develop inquiring minds and a caring attitude to the people and the world they live in. Some topics require visits to places of interest while others are enhanced by inviting members of the community and other speakers in to school to talk to the pupils and share their experiences. The school grounds, Cooper Park, planters and immediate surroundings provide a fantastic natural resource which is regularly used.

The religious and moral education framework is organised into three

RME lessons are suitable for pupils of all faiths or those who are nonbelievers. Children learn about Christianity as well as a wide variety of different religions. Pupils are encouraged to develop respect for others and an understanding of beliefs and practices which are different from their own. Children reflect on their own moral values and develop skills to support them when making moral decisions.

If parents do not wish their child to take part in these acts of worship, they must let the school know in writing.

The school welcomes and encourages diversity and individuality while emphasising our values and school rules. It is a very important principle that all members of the school community have the right to be respected as individuals and carry the responsibility to act in a considerate and respectful manner towards others.

We implement the Council's policy for Equal Opportunities and ensure that all pupils have access to the full range of educational experiences available in school. We are firmly committed to the elimination of any form of discrimination on the grounds of race, religion, gender or disability.

#### Interdisciplinary Learning

At Linkwood we ensure children meet all the experiences and outcomes from across the curriculum in a three-year cycle. These are bundled together to create contexts or 'topics' known as 'Learning Adventures' which ensure we focus on each area of our curriculum and these adventures are relevant to our learners and their lives in and out with school and in the wider world. These topics will offer opportunities to explore 'Big Questions', making connections between curricular areas and deepening understanding.

Teachers work with their stage partners to plan and deliver their Learning Adventures, focusing on the "big ideas" which bind together the experiences and outcomes within the theme or context.

We encourage children to be involved in 'leading their learning' by contributing at the planning stage, using their creativity to follow their ideas and interests within a topic and following a 'Project Based Approach' to achieve a purposeful outcome to their learning.

Our contexts include outdoor learning visits to the local area supported by parents or by community partners. Classes often invite parents in at the end of a block of interdisciplinary learning to share with them what they have been finding out and show them their work and the skills they have learnt.

### Homework

Homework is a valuable opportunity for parents to work in partnership with the school. Your involvement gives children the reassurance of a consistent, positive attitude from both home and school. Homework activities give children further opportunities for individual work and encourage independent study habits where the children can take responsibility for their learning.

The purpose of homework and the value placed on it by pupils, parents and staff are essential in creating an ethos of achievement. Homework should:

'Focus classroom practice upon the child and around the purposes of education'

'A Curriculum for

Excellence'.

#### Teachers are responsible for:

- setting homework which is interesting and at the right level
- setting times/days for each class when homework is given/completed. This will be explained at 'Meet the Teacher' in August and detailed in termly information Sways.
- being aware of other pressures and responsibilities pupils may have
- being realistic about deadlines
- checking on homework done and give feedback
- valuing completed homework by recognising completion and giving feedback as appropriate.
- co-ordinating with ASN staff regarding homework tasks.
- Addressing any problems with homework not being completed by getting in touch with family

\_

#### Role of the Parents/ Carers

Homework provides an ideal opportunity for pupils to share what they have learned at school and for parents to work one to one with their child to offer support and encouragement. Homework completion is expected of all children and this is reflected on the child's termly report.

#### Parents are responsible for:

- knowing what the school and teachers expect of the children
- knowing what the school and teachers expect of the parents
- talking with the child about what he or she is learning
- listening to worries and complaints and be patient
- getting in touch with school if there are concerns
- supporting their child to return their reading book and record weekly.
- signing the reading record to indicate tasks have been completed.

#### Role of the Pupil

#### Pupils are responsible for:

- keeping careful note of what is required and when it is due (if appropriate)
- plan ahead to ensure tasks are completed on time
- make the time to do homework carefully and well
- look for help when stuck or frustrated
- make sure to hand in completed homework on or before the date due

#### Time allocation

■ The Scottish Government's recommended time allocation for homework tasks as set out in *Homework: Guidelines for Primary Schools and Secondary Schools*, is:

P1-3
 P4-5
 1 hour per week
 or 15-20mins per evening
 or 20-30mins per evening

P6-7 30minutes per day

- This time allocation includes allocated reading tasks as part of the homework.
- Out of school activities will be considered when allocating homework tasks and sufficient time for completion will be given.

#### Planning

• Reading Records and termly parent homework information should be used to share and record what homework is given and when it is to be completed.

#### General School Guidance: (reviewed session 2023/24)

- Oral Reading practice (P1-4), or silent reading for enjoyment (P4-7)
- Spelling sound shared on SeeSaw each week. Spelling booklet of suggested tasks.
- Optional Multi curriculum choice grid
- Optional maths choice grid

You can access further information about the curriculum and supporting your child on

http://www.LTScotland.org.uk/Parentzone

http://www.educationscotland.gov.uk/parentzone/cfe/index.asp

http://www.educationscotland.gov.uk/parentzone/resources/index.asp

# Progress Meetings and Reporting to Parents

We operate an open-door policy and parents are welcome to come to school at any time to discuss their child's progress. It is advisable to telephone first to arrange a suitable time.

Progress meetings involving pupils, parents and teachers are held in October and March. As well as the more formal arrangements for parents to discuss their child's work and progress with the class teacher, the process of reporting is ongoing throughout the year. Children's learning is shared with parents in a variety of ways such as: SeeSaw learning app, monthly Shared Learning sessions, "Meet the Teacher" in September, school website, presentations/performances, homework tasks, open afternoons, Facebook, Twitter, school events, parent focus groups, Christmas performance and Sports Day. More information about our reporting process can be found on our website.

Throughout the term, teachers and learners will share experiences, achievements and next steps. The teacher will give details of the main learning goals for the class or group in Literacy, Numeracy, Health and Wellbeing and Interdisciplinary learning for the term through a termly class newsletter or 'Sway'. These will be shared with families at the start of each term and there will be an opportunity for families to feedback and share learning from home through SeeSaw Class App.

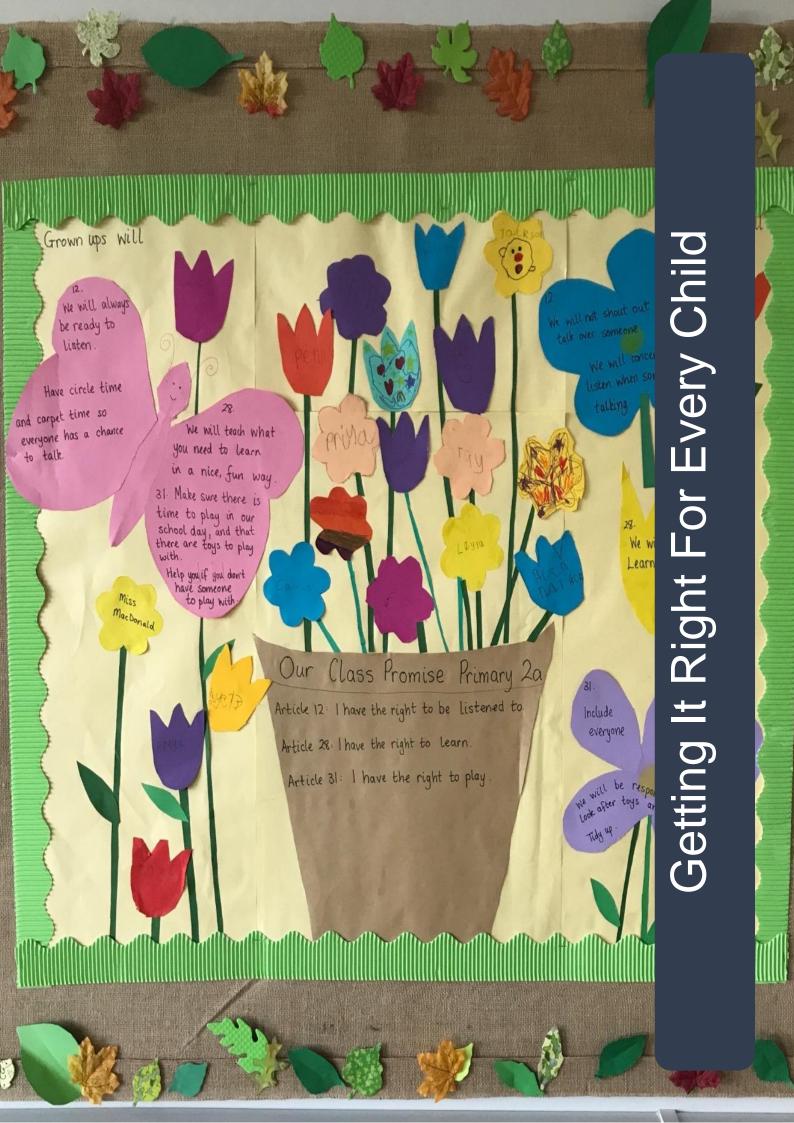

In addition to this ongoing reporting, a brief report on your child's progress within the levels of Curriculum for Excellence will be issued during terms 2 and 4 and a comment of your child as a learner will be shared in term 3 along with a summary of assessments and achievements from Seesaw.

## **Assemblies**

Weekly assemblies allow the whole school to meet together as a community and to take part in religious observance. We have a whole school programme for assemblies which includes visiting speakers and the children regularly contribute to assemblies. Any parent/carer has the right to request the withdrawal of their child from the religious observance part of an assembly and should contact the Head Teacher to discuss this request.

Assemblies also allow the school community to celebrate success and achievements both within and out with school. We encourage children to recognise their achievements, however big or small. Families can let class teachers know on Seesaw or complete an achievement sheet (with photo if they wish) which is then celebrated at our monthly Celebration assembly and displayed in school.

Parents can support their children by encouraging them to share their achievements and by helping them complete their sheets which are available from class teachers. Some assemblies are 'sharing' assemblies where classes can share what they have been learning with the rest of the school.

## **Transitions**

#### Transition from Nursery to Primary 1:

Staff at Linkwood work closely with staff from a variety of Nursery providers to ensure a smooth transition for all pupils into P1. Information is shared with parents via an online Sway in November so that they can make an informed choice about which school to send their child to before enrolment in January.

In the summer term children come to the school on four separate occasions to further gain confidence in school and to meet their buddies who will help look after them when they start school. Parents are invited to an information evening or a further information Sway is shared in May giving detailed information and handouts about the start of school

#### Transitions between classes:

At the end of each year, children take part in a "step-up" afternoon where they meet their new teacher and classmates for a lesson during the school day.

Pupils with Additional Support Needs who require enhanced transition at any stage are supported with additional activities/visits appropriate to their individual needs. Staff also meet to pass on transition information to the next teacher, both about each child's learning and progress and pastoral information.

#### Transition to Secondary School

Pupils from Linkwood will transfer to Elgin High School at the end of Primary Seven. We will ensure that this transfer is as smooth and stress free as possible by having regular meetings with staff from Elgin High School. In the summer term they will visit Elgin High School for a series of planned visits where they get a chance to experience a typical day at the High School and to meet some of the teachers.

Linkwood Primary School is a member of the Associated School Groups (ASG) for Elgin South which are:

New Elgin Primary School Head Teacher: Ms Elaine Milne Greenwards Primary School Head Teacher: Ms Rachel Wilson Mosstowie Primary School Head Teacher: Mr Gary Forgie

Elgin High School Head Teacher: Mr Hugh McCulloch

## Additional Support for Learning

Pupils are in mixed ability classes and all of our class teachers plan lessons which are differentiated in order to meet pupil needs effectively.

Some of our children require an additional input from our Support for Learning teacher in order to access the curriculum successfully. Children may be supported either individually or in small groups, sometimes within the class and sometimes in another room. Parents are informed if their child is identified as requiring support with their learning through termly Additional Support for Learning overviews sent home. Parents are encouraged to discuss their child's needs with staff.

At Linkwood we have an Enhanced Provision for children with significant Additional Support Needs, it is called 'The Woodlands'. This provision can accommodate up to 12 pupils. It has a large classroom, sensory room, Changing Places changing room, Chill out Space, Sensory Play room. It also has an enclosed garden area. Some of our pupils access some time in the main stream school and some time in The Woodlands.

We have also created two nurture based spaces, The Rowan Room (P4-7) and The Elm (P1-4) where individuals and groups work on developing skills to support them accessing their learning.

Some children will have an Individual Education Programme (IEP) which is devised for them and evaluated termly. IEPs are shared with parents and parents may contribute to them.

The school works closely with other agencies such as Early Years Service (EYS), Speech and Language Therapy (SALT), Educational Psychology (EP), Social Work (SW), English as an Additional Language (EAL) and Occupational Therapy (OT).

Multi-agency meetings called Child Planning Meetings may be held for some pupils. Parents, school staff and other agencies who work with the pupil, meet to discuss issues and concerns, what is working well, ideas and actions/outcomes. Older pupils may attend Child Planning Meetings, as appropriate.

The Depute Head Teachers (DHT), Principal Teacher of Additional Support Needs (PT ASN) and Support for Learning (SFL) teachers meet on a regular basis with class teachers to discuss progress and plan for pupils who receive support for learning and also to identify children who may require support.

Our Depute Head Teachers and Principal Teachers of Additional Support Needs liaise between children, home and school to support children and families and encourage all children to enjoy school and feel safe and secure. This may be for a range of issues such as:

- children who are experiencing difficult times or are withdrawn or anxious
- parents/carers experiencing difficulties with their child's behaviour
- families who are experiencing difficulties such as parental separation, bereavement, mental or physical health issues
- parents/carers whose children are reluctant to attend school

Parents who have concerns about their child's progress should make an appointment to discuss the matter with their child's class teacher in the first instance.

Parents can access more information through **Enquire** – the Scottish advice service for additional support for learning. Enquire offers independent, confidential advice and information on additional support for learning through:

- Telephone Helpline: 0845 123 2303
- Email Enquiry service: info@enquire.org.uk
- Advice and information is also available at www.enquire.org.uk
- A range of clear and easy-to-read guides and factsheets including:
   The parents' guide to additional support for learning.

## Child Protection

It is everyone's duty to ensure that children are kept safe. Schools in Moray follow the National Guidance for Child Protection (2014) and are required to report any suspected child abuse to Police or Social Work.

If you have concern for a child, call duty Social Work on 01343 563900 (08457 565 656 out of office hours) and/or the Police on 101. Pass on your concern and all the information you have available to you. This is not a process that intrudes on families and their children, but a process that is inclusive and supportive to achieve the best outcomes for children.

The categories of abuse are:

- Physical abuse
- Emotional abuse
- Sexual abuse
- Neglect

If you are unsure or wish to discuss a concern, please speak to the Head Teacher, Mrs Stevenson, who is the Child Protection Co-ordinator in the school. The school has received the latest training in Child Protection so they are confident, well-informed and supported to promote the protection of children. Social Work and/or Police can also be consulted out with school hours if required.

More information can be found on the Moray Child Protection webpage at: http://www.moray.gov.uk/moray\_standard/page\_55497.html

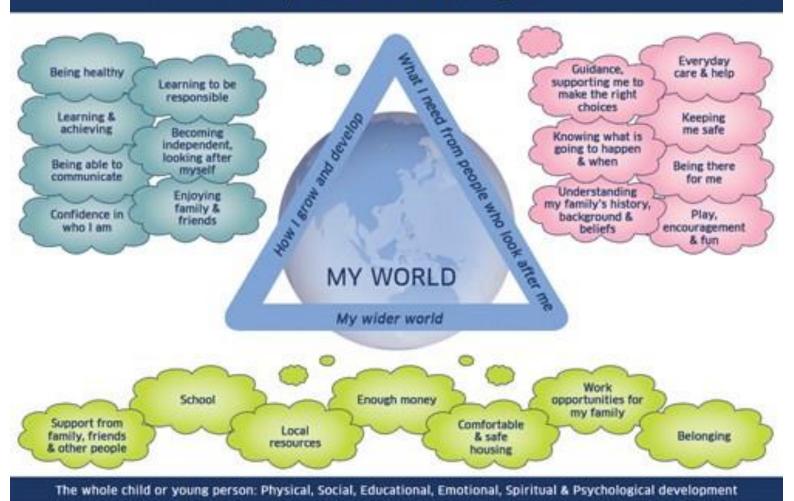

## Getting It Right For Every Child

Getting it right for every child (GIRFEC) means that children and their families

- understand what is happening and why
- have been listened to carefully and their wishes have been heard and understood
- will feel confident about the help they are getting
- are appropriately involved in discussions and decisions that affect them
- can rely on appropriate help being available as soon as possible
- will have experienced a more streamlined and co-ordinated response from practitioners

The My World Triangle on the adjacent page introduces a mental map which helps us explore a child's experience and identify needs and risks to a child's well-being.

## My world triangle

## The Wellbeing Indicators

There are eight indicators of wellbeing:

- Safe
- Healthy
- Achieving
- Nurtured
- Active
- Respected
- Responsible
- Included

All of these wellbeing indicators are necessary for a child or young person to reach their potential. They are used to record observations, events and concerns and as an aid to creating an individual plan for a child.

Children explore what these indicators mean to them in their lives through their classwork so they are confident talking about their own wellbeing in relation to these indicators.

## The Named Person Service

In order to support GIRFEC, all children have a named person. The Named Person Service must be made available to all children from birth to 18 years of age. The Named Person is one point of contact that children and families can go to for advice or support if they need it.

Some children and young people may have temporary difficulties, such as illness, bereavement or moving school, and some may live with challenges such as the effects of disability or long-term conditions. While most will get all the help and support they need from their parents, wider family and community, sometimes they and their families may seek extra support.

The Named Person will provide a consistent approach to supporting children's and young people's wellbeing. They will give children and parents access to help and advice wherever they live in Scotland.

As part of the school's support system we have a legal obligation to make available an identified Named Person for every child and young person in our care. Your allocated Named Person for Primary School aged children is the head teacher, **Fiona Stevenson**. If you have any wellbeing concerns about your child you would like to discuss with your Named Person, please do not hesitate to contact Mrs Stevenson on 01343 547782 or <a href="mailto:admin.linkwoodp@moray-edunet.gov.uk">admin.linkwoodp@moray-edunet.gov.uk</a>. We look forward to working together in partnership with you and your family.

During the holiday period the Named Person Service for school aged children will be covered by the Local Authority centrally. The Duty Named Persons can be contacted through the general enquiries line on 01343 563374 or via the generic e-mail address educationandsocialcare@moray.gov.uk.

As always if the Named Person is not available and there is a concern for a child, a call must be made to Duty Social Work on 01343 563900 (08457 565 656 out of office hours) and/or the Police on 101.

## Communicating with Families

To allow easier communication by keeping all communication from us in one place for you and to reduce paper, we use the following applications, Parentsportal.scot, Xpressions and SeeSaw. These services reduce the volume of messages/calls into the school, and ensure we do not miss your enquiry.

## parentsportal.scot

Parents Portal is linked with Moray Council's mygov.scot service as part of a one stop service and will allow you to:-

- · report your child's absence
- · view the school calendar
- view your child's class timetable (for pupils in secondary school)
- view your child's attendance
- complete permission slips and consent forms
- · update your own as well as your child's details at any time
- · access Parent Zone, an information area
- access online school payments e.g. school meals (iPayImpact)

For a smooth registration to the Parents Portal a few checks are required. The details below need to be the exact same as the schools.

- Your child's forename and surname. A common error is the parent is registering with their child's forename, middle name and surname and the school only have the child's forename and surname, or vice versa.
- Parent's mobile number and email address.

You also need to use the same details you used when signing up for your my 'My Account' on mygov.scot

For further information, guidance and access to **parentsportal.scot**, please click on the link below:-

#### www.moray.gov.uk/parentsportal

On signing up to the portal, you will be able to link to your child and access the services that are currently available. Please note this service is only available to Primary and Secondary children.

Xpressions is available to download for free from any device store, allowing parents to send/receive free text messages, emails, receive school alerts and links to services.

This service is sent directly to the school using a priority service, which reduces the risk of emails getting lost in the school email box. This applications also allows the school to send emergency alerts to parents without any internet services.

If you have children in different schools within Moray, this app will allow you to view information on multiple children in the same login.

This app keeps all the texts and emails from school in one place and avoids school information getting lost in your general email inbox.

#### What do I need to do now?

It is vital we have your correct mobile number and email address on our school database to ensure you can use Xpressions. You'll need to make sure you keep these details up to date to maintain access to the service. If you experience any difficulties logging on, please contact the school to make sure they have your correct contact details.

Once set up, you will be able to receive and send 'free' messages to the school.

Further information and guidance is available to view at parents.groupcall.com

We would advise all parents to sign up to Xpressions, where you will find quick and easy links to the parentsportal and other helpful information.

#### SeeSaw

Seesaw is a simple way for teachers and students to record and share what's happening in the classroom. Each student gets their own journal and will add things to it, like photos, videos, drawings, or notes. When there are new Seesaw posts, families can be notified via the app notification. Parents are only notified about their own child's work, and all data is safe and secure. You will receive an invitation letter when your child's journal is ready to view.

More information about how SeeSaw is used to report to parents can be found in our Reporting to Parents Booklet on our website:

https://blogs.glowscotland.org.uk/my/public/linkwoodprimaryschool/uploads/sites/5476/2022/01/2809 5936/Linkwood-Reporting-and-Online-Profiling-Guide-for-Parents-Jan-22.pdf

## **Enrolment and Induction**

#### Enrolment into P1:

In accordance with the Admission policy of the Moray Council, all children who attain the age of 5 years on or before the start of session date in August should begin attending primary school in August.

Children, who attain the age of 5 years after the start of the session, but on or before the last day of February, may also be enrolled in primary school in August. Parents have the choice however to allow their child to wait a further year before entering school. If in doubt on this matter, please come to the school and discuss this with the head teacher.

In January each year new P1 entrants are enrolled to start school the following August. Further information can be obtained from the School Office. Actual enrolment dates are widely publicised in the local press, shops and libraries.

Children from out with the school's catchment who wish to come to Linkwood School should enrol at the school they are in the catchment of and make a placing request for Linkwood. Decisions regarding placing requests are made by The Moray Council by 30<sup>th</sup> April.

Between enrolment and the start of session, pupils who have gained a place at the school are invited into the school on several occasions to familiarise themselves with their teacher and surroundings. There are also opportunities for parents to visit the school and a meeting to inform parents about their child's start at school. We aim to make the transition from nursery to school or home to school as smooth as possible for the pupils. We encourage parents into the school at any time and in particular to approach us with any concern they might have.

Regular contact is maintained throughout the session with our nursery providers.

#### Enrolment into other classes:

Parents and children who are considering coming to the school are always welcome to look round the school and meet with the Head Teacher and should make an appointment through the school office. Children may be enrolled into other classes in the school at any time of the year, for example if they move into the area or if they wish to transfer from another school, providing there is space in the relevant class. Parents wishing to enrol their children should come to the school office to complete the relevant paperwork.

Registration paperwork can be found on Moray Council's website:

http://www.moray.gov.uk/moray\_standard/page\_52987.html

## Absences/ Attendance

Section 30 of The Education (Scotland) Act 1980 requires parents to ensure that their child attends school regularly. Regulation 7 of The Education (School and Placing Information) (Scotland) Amendment etc. Regulations 1993 requires each child's absence from school to be recorded in the school register as authorised (approved by the local authority) or unauthorised (unexplained by the parent/guardian (truancy) or excluded from school).

Absence records are monitored regularly and when attendance falls below 80%, formal absence management procedures will be followed.

If your child is absent from school please contact the school as soon as possible in the morning to explain the absence. If you have not contacted the school and your child is absent, we will contact you and your child's other emergency contacts. It is therefore important that parents keep the school informed of up to date contact details.

If we are not able to contact a parent and we are concerned for a child's safety, the school will contact the police. We therefore urge parents to contact the school about any absence. We can be contacted by:

Telephone 01343 547782 (normal line) or

The School Information Line: **0870 054 9999** then enter PIN number **031780** (non-urgent)

E-mail <u>admin.Linkwoodp@moray-edunet.gov.uk</u>

We would stress that an ill child cannot be happily educated. It is of more benefit to a pupil remaining at home whilst ill than being at school and feeling miserable. We also request that any pupil not able to take part in PE for medical reasons brings a letter to school to authorise this.

If your child experiences vomiting or diarrhoea, following guidance from NHS, we ask that they do not return to school until 48 hours after the last bout of illness.

Family holidays taken during term time are recorded as "unauthorised" absences except in exceptional circumstances.

## Uniform

We are very proud of the fact that all children in Linkwood School wear their school uniform almost all of the time. We actively encourage everyone to wear it. The recommended uniform is as follows:

- Navy Sweatshirt (School Name/logo)
- White Shirt / Polo Shirt
- Suitable Shoes

https://www.dallasdesignsltd.co.uk/index.php/23/535719/

Please ensure all clothing is clearly labelled and your child can easily identify their own belongings.

Children are also asked to bring:

- A change of indoor shoes/ Gym shoes
- A pair of wellie boots for outdoor learning.
- A water bottle with a sports cap
- A reading book bag

Children in P1-6 should wear their PE kit on PE days- tracksuit bottoms, t-shirt and school sweatshirt. There is no need for sports hoodies or branded clothing on PE days, school sweatshirts should be worn every day. P7 pupils may take a change of T-shirt on PE days.

- Pupils without a change of shoes for PE may not be allowed to participate.
- Jewellery should be removed (or covered) for PE and long hair must be tied back
- Acrylic nails are not suitable to be worn at school at any time.

We ask that pupils do not wear jeans or items of clothing carrying slogans. Football attire may be worn at PE but not as items of clothing in the classrooms. Jewellery and valuables should be left at home.

We stock a selection of pre-loved clothing which families can access by completing an electronic form on our website. We will then put any clothing we have in the sizes you are looking for, home with your child. If you have any good as new clothes you wish to donate, we take donations all year round.

You can apply for a clothing grant for your child if you are receiving certain benefits such as:- (See link on Page 44 of this handbook)

- Income Support
- Income Based Jobseeker's Allowance
- Child Tax Credit, but <u>not</u> Working Tax Credit, and your annual income is less that £16,105 (as assessed by the Inland Revenue)
- Child Tax Credit <u>and</u> Working Tax Credit, with an income below the threshold for receipt of maximum Working Tax Credit (currently set by the UK Government as £6,420)

If you are between 16 and 18 years old and receive any of these benefits in your own right, you can apply for a clothing grant for yourself.

You may also be eligible if you are an asylum seeker receiving support under Part VI of the Immigration and Asylum Act 1999.

## Pupil Council 2023-24

## What to bring to school ...

#### School bag with Spare Clothes

For children in P1 please provide a labelled bag containing a complete change of labelled spare clothes to keep in school in case of any accidents.

#### Gym kit

Please bring a pair of indoor shoes to wear at gym time with a pair of short and t-shirt. Please put all items in a drawstring bag and label all ...

#### Jacket/Coat

It can be chilly whatever the season so children will need a suitable waterproof jacket with hood.

#### Accessories

Please provide warm hat and gloves in cooler weather and in warmer weather please include a sun hat and apply sun cream

#### Footwear

We change our shoes when we come into school. Please provide a pair of comfortable, indoor shoes (trainers/ plimsoles) for use indoors. We will also be using the outdoors for learning as much as we can, If possible, please provide a pair of wellies to be left in school.

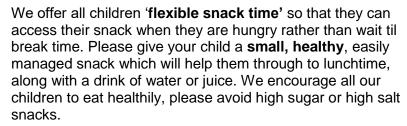

#### Water Bottle

Pupils are encouraged to drink water regularly throughout the day. Please provide your child with a named bottle or flask containing **water**, with a sports top.

We discourage water bottles filled with juice as this is not a healthy option, can damage teeth and when spilled is more difficult to clean up.

Please make sure this will not leak and is put in their school bag, not the blue reading bag.

#### Navy Blue Reading Bag

All P1 pupils should have a reading bag. These are available to buy for £4 from reception. They are great for keeping reading and library books dry and safe and are used daily for homework tasks.

## Looking after our belongings

We encourage all our children to take care of their own belongings and to dress themselves. Please ensure all items are **CLEARLY LABELLED** with your child's name.

Please also ensure your child can put on and take off their own clothing. Laced shoes are <u>not</u> suitable for young children unless they can confidently tie them themselves. Children often don't have all the skills necessary to tie laces until age 6.

Thank you for your support and understanding.

## **Transport**

#### School Transport

School transport is provided to all primary and secondary pupils who live more than 2 miles from their school, if that is their local catchment school. Door-to-door transport is not guaranteed. In certain instances, children may be required to walk up to 2 miles as appropriate.

All children are expected to display good behaviour on the bus and independently use their seatbelt.

### Parking at School

If children are walking to school, they should not arrive before 8.40am.

Parking is not provided for families and the school site quickly becomes congested. There is a drop off zone, for children who have mobility difficulties accessing The Woodlands, at the front of the school and for the school bus.

There are limited drop off spaces and parents are asked not to park. If these spaces must be used we would ask that you drop your child and leave, do not park and escort your child to the playground. We encourage families to park and stride from Moray Sports Centre. An Active Travel booklet is available on our website showing safe routes to walk, scoot and bike.

## School Closure/ Adverse Weather

Occasionally the school may need to close, for example due to severe weather. When this happens, information can be found on the Moray Council website <a href="https://www.schoolclosures.moray.gov.uk/">www.schoolclosures.moray.gov.uk/</a>, on Moray Firth Radio and on the school's telephone information line which can be accessed as explained below. If the weather forecast indicates there will be wide spread disruption in Elgin then a decision to close the school will be made in collaboration with the Elgin High Associated Schools group. This will be done as early as possible in the morning.

Should the school ever need to close during the school day, parents will be informed by text and email message. We urge parents to ensure that the school holds up-to-date mobile numbers for them.

Parents will receive a text to let them know that they should make arrangements to pick up their child as soon as possible. Parents will be asked to let the school know if anyone other than themselves will be picking their child up and this person's relationship to the child. No child will be released to a family friend/ extended family member unless the school have notification/ permission of this from the parent. Parents/ carers will make their way to the dining entrance to meet their child(rens) and sign them out.

If the school is to close but the roads are safe to use and the bus company can allocate a bus, the parents of families who use the bus, will be asked if they wish their child to be taken home by the bus. We will not release children to the bus until all families have been contacted and arrangements agreed.

## School Information Line

The school information Line is a facility which can be used to access information about the school e.g. in the event of closure. When severe weather warnings are received, we will endeavour to keep the system updated.

Parents can also leave non-urgent messages, which are forwarded to the school email address in due course; this includes absence notice (option 2 below)

Please note that this is a 0870 service and there is a charge for use. Calls will be charged at 2p per minute service charge plus your call provider's access charge.

#### 1. Dial 0870 054 9999

#### 2. Enter PIN number: 031780

You will get a message: "Selected Linkwood School"

You will then enter a menu system:

Press 1 – to hear severe weather information

Press 2 – to leave a non-urgent message

Press 3 – to hear general school information

Press 4 – to enter a different school PIN number

Press # - to end call

**Please note:** Should parents wish to leave an urgent message please speak to someone at the school directly.

If the school is to close for any reason e.g. inclement weather, information can also be found on:

Moray Council's website:

http://tellus.moray.gov.uk/webapps/schoolclosures/schoolclosures.asp.

## **Catering Service**

Meals are prepared and cooked daily at Linkwood by the Direct Services Organisation Catering Staff.

The menu for the forthcoming week is displayed prominently throughout the school and a reminder posted on Facebook. Children may choose from a variety of hot meals or a cold buffet. Copies of the 6 Week menu are sent home and are also available on the school's website so that you can help your child make a choice.

All schools in Moray provide a wide range of healthy food in their menus. These meet the Scottish Nutrient Standards for School Lunches, and offer choice and variety.

Children in P1-5 are now provided with Free School Meals. Children in P6-7 can select a meal during registration and families should ensure there are funds in their *ipayimpact*. Further information will be provided to families of children in P6-7 as to how they access their account and how to allocate money to the account.

Pupils may alternatively bring a packed lunch which they eat in the dining hall or may go home for lunch.

Should your child have particular dietary or medical requirements or allergies, it is important to inform school and we will be able to give you details of how to discuss this with the kitchen staff.

All Primary 1-5 pupils are entitled to free school meals. Free school meals for P6-7 pupils and clothing grants for P1-7 are provided to children whose parent(s) receive the following benefits:-

- Income Support\*
- Income Based Jobseeker's Allowance\*
- Any income related element of employment and Support Allowance\*
- Child Tax Credit, but do not receive a
  Working Tax Credit and who have an
  annual income (as assessed by the
  Inland Revenue) of below £16,105
- Child Tax Credit and Working Tax
   Credit with an income below the
   threshold for receipt of maximum
   Working Tax Credit, currently set by the
   UK Government at £6,420
- Guaranteed Pension Credit
- Support under Part V1 of the Immigration and Asylum Act 1999.
- Application forms are available online
   from www.moray.gov.uk or from the link on page 44 of this booklet.

## Playground Supervision

In accordance with 'The Moray Council's Policy', we have an allocated provision for Children's Supervisors and Lunchtime Auxiliaries.

Children are supervised during break periods, and during the lunch interval, in particular within the school dining area. There is no supervision for pupils before 8.40am. Children may enter the dining room from 8.40am and wait in their class line until school starts at 8.50am.

## Water Bottles and Snacks

Pupils are encouraged to bring water bottles to school for use in class. These should be named and should only be filled with water, **not juice**.

We encourage 'flexible snacking' so that your child can have their snack when they are hungry up until break time. Please provide a heathy snack for them to have, if you feel they may need it. Sweets and high salt snacks are discouraged and may be removed. Lollipops are not permitted for safety reasons.

## **Complaints Procedure**

Parents are encouraged to discuss any concerns or issues with their child's class teacher in the first instance. Parents may speak to the head teacher if they wish the matter to be pursued further.

If the matter has been dealt with by the head teacher and a parent feels that the matter has not been dealt with satisfactorily, the parent has the right to make a complaint to The Moray Council.

complaints@moray.gov.uk

## Medicines in School

If your child requires medication during school hours, please contact the school for guidance.

A copy of the "Supporting Pupils with Medical Needs in Schools including The Administration of Medicines" guidance document is available at the school. In line with policy agreed by the Senior Clinical Medical Officer, schools will only administer medicines with the written approval of a medical practitioner. Painkillers such as aspirin and paracetamol fall into this category, and will therefore not be administered on pupil request.

## **Data Protection Act**

Information on pupils and parents/carers is stored securely on a computer system. The information gathered is subject to the terms of the Data Protection Act 2018.

The information may be used for teaching, registration, assessment and other administrative duties. The information is shared with Moray Council for administrative and statistical purposes. Extracts of the information are shared with a range of partners such as Skills Development Scotland, the Scottish Qualifications Authority, and the NHS (for the dental and child health immunisation programmes). Information is also shared with The Scottish Government for statistical and research purposes, although individual children are not identified.

The Data Protection Act ensures that information is collected fairly and lawfully, is accurate, adequate, up to date, not held for longer than necessary, and may only be disclosed in accordance with the Codes of Practice.

More information is available on the Moray Council Internet site at:

http://www.moray.gov.uk/moray\_standard/page\_75569.html

## **Privacy Statement**

Linkwood Primary has a legal responsibility to deliver an effective educational programme to its pupils. In order to do this, we need to collect personal data about our pupils/children and their families so that we can help them learn, and keep them safe. The type of personal data we will collect include:-

#### Data about our pupils/children and their families

This will include the name, address and contact details of the pupil/child and relevant family members. It will also include information about relevant medical conditions, any additional supports which are needed, and their family situation. We need this information to ensure we know our pupils/children and their families, and to ensure we are able to educate them appropriately, and keep them safe

We will also collect personal data relating to personal characteristics, such as ethnic group to enable statistics to be reported. We need this information so the Council can ensure it is delivering education appropriately to all its citizens

#### Data about pupils/children at school/within ELC setting

This will include data about progress, assessments, and exam results. It will also include records of attendance, absence, and any exclusions. We need this information to understand how our pupils/children are progressing, and to assess how we can help them to achieve their best **Data about when and where they go after they leave us** 

This will include information about their next setting/school, career paths or intended destinations. We need this information to ensure we support our pupils/children in all their transitions and do all that we can to help their future be a success.

There will be times where we also receive information about them from other organisations, such as a pupil's previous school, the previous local authority where that school or ELC setting was based, NHS Grampian, Police Scotland, Social Work, Additional Support Services, and sometimes other organisations or groups connected to a pupil's education. We use this data similarly to the above: to support our pupils' learning, monitor and report on their progress, provide appropriate pastoral care; and assess the quality of our services.

When we collect and use personal data within school/ELC setting, and for the reasons detailed above, we will normally be acting in accordance with our public task. Occasionally we are also required to process personal data because the law requires us to do so, or because it is necessary to protect someone's life.

We will also take photographs in school/ELC setting and display them on our walls, and in newsletters and other communications. We do this in order to celebrate and share what we have done, including individual achievements and successes. We consider this use of images to be part of our public task as it helps us build an effective community which supports learning. We will not, however, publish these photographs on social media or in newspapers without permission. Consent for this use will be sought when a pupil/child joins Linkwood Primary and will be kept on record while they are with us. Consent can be withdrawn at any time, please just let us know.

Sometimes we need to share pupil information with other organisations. We are required, by law, to pass certain information about our pupils to the Scottish Government and the Council. This data is for statistical purposes, and will normally be anonymised. It is normally required to enable the Council, and the Government, to understand how education is being delivered and to help them plan for future provision.

If a pupil/child moves schools/ELC settings, we have a legal obligation to pass on information to their new school/education authority about their education at Linkwood Primary.

When we record and use personal data, we will only collect and use what we need. We will keep it securely, and it will only be accessed by those that need to. We will not keep personal data for longer than is necessary and follow the Council's Record Retention Schedule and archival procedures when records are identified to be of historical value and require to be retained in the Moray Council Archives. For more information on how the Council uses personal data, and to know more about your information rights including who to contact if you have a concern, see the Moray Council's Information Management webpages.

In addition to the above, Linkwood Primary has a legal duty to promote, support and safeguard the wellbeing of children in our care.

Wellbeing concerns can cover a range of issues depending on the needs of the child.

Staff are trained to identify when children and families can be supported and records are kept when it is thought that a child could benefit from help available in the school/ELC setting, community or another professional. You can expect that we will tell you if we are concerned about your child's wellbeing, and talk to you about what supports might help in the circumstances. Supports are optional and you will not be required to take them up.

If it would be helpful to share information with someone else, we will discuss this with you and seek your consent before we share it so that you know what is happening and why. The only time we will not seek consent to share information with another organisation is if we believe that a child may be at risk of harm. In these situations, we have a duty to protect children, which means we do not need consent. On these occasions, we will normally tell you that information is being shared, with whom, and why – unless we believe that doing so may put the child at risk of harm.

We will not give information about our pupils to anyone without your consent unless the law and our policies allow us to do so.
