Notes:

Term-time swimming lessons:

- Fit-Life Membership can be used for swimming lesson blocks of eight lessons consisting of one lesson per week. Booking and allocation of places as normal at Reception.
- Additional spaces can be allocated to a “membership child” if available but at the individual lesson cost.

Crash course swimming lessons:

- Crash course lessons can be booked with Fit-Life Membership or payment.
- Fit-Life Members can book as many crash course weeks as they wish but each week only entitles them to one lesson per day. Additional spaces can be allocated to a “membership child” if available but at the individual lesson cost.

Individual lessons:

Children within the existing lesson programme – there may be occasions when a child requires extra assistance to boost confidence or get beyond a difficult point in the lessons. If a child is identified by staff or a request is made by a parent for individual tuition this will be arranged, if possible, by the facility Supervisor. It is intended to be a short period of time to overcome the original problem.

Children with additional needs – children who find it difficult to attend the swimming lesson programme may get individual tuition. If a request is made by a parent for individual tuition this will be arranged, if possible, by the facility Supervisor.

Individual or private swimming lessons – this can be accommodated, subject to availability, if a request is made. Arrangements can only be made through the facility Supervisor.

	Cost
Individual junior lesson (30 minutes for 1 child)	£ 15.00
Additional needs child individual lesson (30 minutes for 1 child)	£ 10.00

Note:

- Fit-Life membership cannot be used for individual or additional needs swimming lessons.
