

**Dear Ms Rowan**

I refer to the above LRB submission and recent written comments received from the ex.father in law of the appellant and wish to confirm that he is correct that the Appeal Statement appeared to indicate direct parental lineage, rather than by mere marriage and did not reflect the fact that a divorce had taken place.

These matters would not have represented a material consideration in any case and we trust will not cause any difficulty in determining the submission.

Kind regards,

**Craig J. S Mackay**
