Dear Sir/ Madam

**Moray Local Development Plan – Proposed Plan
Miltonduff (North) Existing Site B – Representation**

This representation on the Main Issues Report regarding land at Miltonduff is made on behalf of the owners of the land, Mr James Yool. We are disappointed to note that the site has not been included for small scale housing development in Miltonduff.

The purpose of this representation is to object to its exclusion from the LDP and underline the landowner's commitment to the development of the proposed site and to reassure that the land is effective and that it can be realised in line with the Council's aspirations.

In light of this, we respectfully request that this site be included in the proposed Plan and we are available to discuss the Council's requirements as required.

Kind regards,

Neil Grant
grant and geoghegan

Policy Objection

Policy: **DP1 Development Principles**

Comments: **Sir, I and other residents at Letterfourie site off Barhill road in Buckie, have received notices for proposed plan for 170 houses at site R6. According to the accompanying map R6 is the Inchgower site which has already got planning and roughly 10% of the houses are started to build. Is it any wonder that the Council is in dire financial straits with glaring waste of time and resources such as this. G Young**
