

Moray Carshare - providing Aberlour with ...

Electric cars ... the eco-friendly alternative to car ownership!

- Save money
- Help reduce carbon emissions
- Reduce the number of cars in your family

Electric bikes ... go further with less effort!

- Not cycling any more: get back in the habit the easy way and improve your health and well-being
 - Choose between 5 levels of assistance
- Already cycling?
 - An e-bike can take you further afield ... get to where you want to go without feeling exhausted

Moray Carshare is a registered charity that has been providing community and environmental benefit for over 12 years. We now have one electric car and two electric bikes available for hire in Aberlour. Once you have become a member you can use your computer or smartphone to book whichever vehicle suits your needs for as long as you require: from half-an-hour to 2 weeks.

Collect the car or bike yourself from just beside the visitor centre in Aberlour, and at the end of your booking, simply return it there.

If you need to recharge the car during your journey, you will be refunded for the cost of this. We do the rest ... insurance, breakdown cover, maintaining the vehicles, etc.

At the end of each month we will send you a bill detailing all your journeys and what you have to pay.

What does it cost?

For our car hire services we offer 3 different price plans for individuals. You choose the plan that best suits your needs. We also have a special scheme for local not-for-profit organisations.

For an electric car, all members pay a mileage charge of 25p per mile for the first 20 miles and 17p per mile for the remaining miles of each trip. (Fuel is paid for by Moray Carshare.)

In addition you pay a subscription and an hourly fee as shown below:

Electric car rates	Contract	Contract Light	PAYG
Subscription	£18 per month	£9 per month	£18 per year
Hourly rate	89p	£1.54	£2.75
Daily rate	£14.21	£21.50	£24.73
Best value for	16+ hours/month	7-15 hours/month	1-6 hours/month

If you don't use a car to commute every day, then changing to Moray Carshare could save you hundreds of pounds a year. Visit our website (www.moraycarshare.com) to compare our prices with the cost of owning your own car. An average car costs £1,700 a year just to keep on the road.

The rates for our **electric bikes** are the same for all members:

- 50p per hour
- £6 per day
- £35 per week
- No mileage charges
