**3. Matters Arising**

Pontoon at harbour to be repaired before March. MDC employees working at present on back wall of harbour, this matter remains ongoing.

Pot holes in King Edward Terrace has been repaired. Other pot holes particularly those in Union Street were highlighted along with the lack of street lighting in that area. Diane will report on the Moray Council website.

Previously Gladys had left a message on Fred Philip's phone regarding what still had to be done. An update on whether anything with electrics in Millennium Garden is still outstanding will be provided at the February meeting.

Alison raised the matter of increasing dog mess within the village which has also been communicated by other dog owners. There is a view that this is being created by either someone new or someone who walks their dog off the lead. Particular problem on King Edward Terrace heading round to Station Road.

The matter of a caravan being parked in new street and someone apparently living out of the caravan was raised. It has been parked in the street for a significant period of time.

Diane to report both new issues on the Moray Council website.
