3. A breakdown of what funding provided to implement Frank's Law has been spent on in each financial year since 2019 e.g. care provision, staff costs, administration, etc.

Not held. This cannot be provided as it would be difficult in identifying the costs that only relate to Frank's Law through the ledger as they're not collected in a straight forward way, funding has been provided as part of the overall Scottish Government Settlement. The funding isn't ring-fenced, it's provided to support the policy change, hence the difficulty in identifying costs. Information that is not held falls under Section 17 of the Freedom of Information (Scotland) Act 2002 - Information not held.

4. A copy of the local authority's policy on requiring those aged under 65 being assessed for personal care to be informed of their entitlement under Frank's Law.

This would be our Eligibility Criteria Policy which is on the Council's website. This information is therefore exempt under section 25 of the Freedom of Information (Scotland) Act 2002, information otherwise accessible. For ease of reference please find a link to the web page here:
