

DO I NEED PERMISSION TO OPERATE A SHORT TERM LET?

If you are considering or are already operating a short term let, you should be sure that you have obtained all the necessary permissions to enable you to operate within the law.

Each case requires individual consideration and assessment of whether a Planning Application is required based on the Town and Country Planning (Scotland) Act 1997 as amended.

Completing this questionnaire will enable Moray Council as Planning Authority to advise you if planning consent is required. Please note there is a fee for the provision of this service which you will be notified of on receipt of the completed form
