Book your ticket here --->

Follow the neeps and ghosties
around town and discover the
tales and stories of Halloween in
Scotland, but don't let the
ghosties follow you home!

Inspiring Curiosity

Inspiring Curiosity with the Family Learning Festival

Learning as a family helps children and adults to become confident, lifelong learners. It helps children develop essential skills and achieve at school. It helps grown-ups to reconnect to learning and transform their lives. Family learning can help families tackle disadvantage and improve their life chances. This year's theme aims to inspire a love of shared learning through curiosity.

Curiosity is a strong and natural desire to know about something. It is an intrinsic, instinctual and essential part of life. It is linked to all areas of human development that involve learning, skill development or knowledge acquisition.

Inspiring Curiosity

FAMILY

LEARNING FESTIVAL

14 October – 5 November 2023

The Adult & Family Learning team offers free learning for adults and for families. There are Adult Learning Co-ordinators based across Moray and we are always keen to hear what kind of learning you would like to see on offer in your local community.
