COMMITTEE	COMMITTEE DATE	INFO REPORT	REPORT TITLE	SUMMARY OF IMPLICATIONS – SECTION G
ECLS	19/04/2023	NO	REVIEW OF ADDITIONAL SUPPORT NEEDS SERVICES (ACTION PLAN 2023-24)	The implementation of the prioritised actions within the ASN Services Action Plan (2023-24) will help ensure we can effectively meet the needs of all our children and young people with additional support needs in our schools and early year's settings both now and into the future.
ECLS	19/04/2023	NO	LEARNING ESTATE – CLOSURE OF INVERAVON PRIMARY SCHOOL STATUTORY CONSULTATION REPORT	An Equality Impact Assessment (EIA) is a statutory requirement on the Council to assess the policies and practices necessary to meet the requirements of anti-discrimination and equalities legislation. It also affords an opportunity for the Council to consider the impact on the education service. An assessment has been carried out, as part of the options appraisal process for Inveravon Primary School. The main impact for children in the P1-7 age group is the length of journey from Inveravon to either Knockando, Aberlour or Glenlivet primary schools; however, as Inveravon Primary School has been mothballed since July 2017, the majority of the current pupils are already making the journey to either Knockando or Aberlour. Should there be future journeys to Glenlivet these would be of a similar distance and duration. Under the Equality Act 2010 education providers must not treat disabled pupils less favourably and should take reasonable steps to avoid putting disabled pupils at a substantial disadvantage. Any existing arrangements in place for pupils with additional support needs within the schools affected will continue. As discussed in Appendix 1 Section 10.28 Aberlour Primary School is the enhanced provision hub for the Speyside ASG, and as such is fully adapted to meet the requirements of pupils with a range of additional support needs.
ECLS	19/04/2023	NO	PARTNERSHIP COMMUNITY LEARNING AND DEVELOPMENT PLAN UPDATE	CLD partners deliver both universal and targeted services which engage with large numbers of individuals and organisations. Typical outcomes of CLD work include increased literacy and numeracy skills, enhanced employability, improved health and wellbeing and increased participation in community and civic life.
CORP	25/04/2023	NO	IMPROVEMENT AND MODERNISATION PROGRAMME	For the purposes of this report an Equality and a Socio Impact Assessment are not required, however it is acknowledged that various workstreams will identify change that will have an impact on equalities and socio economic considerations and will be reported in due course.
CORP	25/04/2023	NO	CUSTOMER CHARTER UPDATE	The Council's ongoing commitment to equalities is set out in the Charter which underlines key customer rights in this area.
CORP	25/04/2023	NO	STRATHISLA COMMUNITY COUNCIL	There is recognition of the role of voluntary and community organisations in supporting residents in their areas. Should the CC be dissolved there may be an impact on those that are more vulnerable or less able due to the absence of a support network at this level to represent and connect with them on local issues, limiting access to opportunity in this rural dispersed area.
ED&I	02/05/2023	NO	LOSSIEMOUTH TO HOPEMAN ACTIVE TRAVEL ROUTE	An Equalities Impact Assessment (EIA) for the project is a condition of the Sustrans grant funding. An initial assessment has identified a range of positive impacts, particularly on the grounds of sex, disability and age (elderly and children), in tackling rural isolation. It is expected that the EQIA will be developed in more detail throughout the various stages of the application.

ED&I	02/05/2023	NO	NATURE AND BIODIVERSITY POSITION STATEMENT	Decisions taken to enhance biodiversity should also contribute to community health and wellbeing and aim to reduce inequalities of access to nature.

A number of the indicators included offer insight into the extent to which wealth inequalities are reducing and the effectiveness of Council services in supporting this reduction.
ED&I	02/05/2023	NO	CLIMATE CHANGE PLAN AND ROUTE MAP TO NET ZERO	Climate Change will impact on every service area delivered by the council. It has the potential to impact on equalities for example in respect of support for active travel and fuel poverty which will have a positive socio-economic impact. Climate change will lead to more extreme adverse weather events in Moray which will have a disproportionate impact on those already in poverty or with the inability to adapt to this change.
ED&I	02/05/2023	NO	ECONOMIC RECOVERY PLAN DELIVERY 2022/23	The Economic Recovery Plan aims to promote fair and equitable growth in the economy.
MC	24/05/2023	NO	LEARNING ESTATE – CLOSURE OF INVERAVON PRIMARY SCHOOL STATUTORY CONSULTATION REPORT	An Equality Impact Assessment (EIA) is a statutory requirement on the Council to assess the policies and practices necessary to meet the requirements of anti-discrimination and equalities legislation. It also affords an opportunity for the Council to consider the impact on the education service. An assessment has been carried out, as part of the options appraisal process for Inveravon Primary School. Should there be future journeys to Glenlivet these would be of a similar distance and duration. Under the Equality Act 2010 education providers must not treat disabled pupils less favourably and should take reasonable steps to avoid putting disabled pupils at a substantial disadvantage. Any existing arrangements in place for pupils with additional support needs within the schools affected will continue. As discussed in Appendix 1 Section 10.28 Aberlour Primary School is the enhanced provision hub for the Speyside ASG, and as such is fully adapted to meet the requirements of pupils with a range of additional support needs.

ECLS	07/06/2023	NO	DEVOLVED SCHOOL MANAGEMENT SCHEME UPDATE	The revised scheme will offer more accessibility provided through the Moray Council Website, Parents Portal, and school websites. The scheme will also be available in different formats and in different languages (if requested)
ECLS	07/06/2023	NO	ALLOCATION OF EDUCATION FUNDING	There are no implications arising directly from this report, however, equalities impacts and considerations have been taken into account in the previous deployment of resources to support the Covid impacts and would be factored into any development of options directed by the committee beyond the budget pressures set out.
ECLS	07/06/2023	NO	LEARNING ESTATE PROGRAMME – CROSSROADS PRIMARY SCHOOL STATUS UPDATE AND NEXT STEPS	An equality impact assessment has not been required to date. ED&I	20/06/2023	NO	PAVEMENT PARKING PROPOSED EXEMPTION ORDER	Vehicles parking either partially or wholly on the public footway can present an obstruction to pedestrians and present a hazard to those with restricted mobility and/or visual impairments. ED&I	20/06/2023	NO	ELECTRIC VEHICLE INFRASTRUCTURE FUND STRATEGY AND EXPANSION PLAN – PATHFINDER PROJECT UPDATE	The strategy and expansion plan has been developed following the guidance provided by Scottish Government, Scottish Futures Trust Public EV Charging Strategy and Expansion Plan Template. This guidance includes specific consideration of the provision of electric vehicle charging infrastructure on the relevant protected characteristics in Section 4.2 of the draft Strategy and Expansion Plan, as required by the SG guidance. New guidance on the design of charging infrastructure, to ensure that where practical it is fully accessible, is being developed by Scottish Government. Any new charging infrastructure will be required to follow this guidance. PAS 1899:2022 is a new specification on accessible public charge points for electric powered vehicles. The management workshops, early adopter surveys and service engagement have assisted with giving insight into the potential positive and negative impacts on the various protected groups within the workforce. These are outlined in the EIA and there are potential positive and negative impacts but there are mitigating actions that can be taken. Arrangements to monitor the impact will be implemented, including monitoring the number and type of requests for assistance from the Human Resource team to apply existing policy and process, to ensure any escalation in numbers relating to similar issues are acted on.
P&R	15/08/2023	NO	KEITH GREEN ENERGY AND INFRASTRUCTURE FRAMEWORK	The proposed public consultation will feed into the Equality Impact Assessment (EIA). The focus will be on ensuring that the benefits of economic development, growth and diversity will be distributed fairly.

ED&I	05/09/23	NO	ROSARIE LEVEL CROSSING CLOSURE	An Equality Impact Assessment has been carried out. It has identified a minor impact in relation to the right to privacy and the right to property. It has been decided that these are justifiable as a proportionate means to a legitimate aim.
ED&I	05/09/23	NO	ELGIN PARKING REVIEW	A wide range of key stakeholders were consulted. The parking review and proposed new charging structure aims to strike a balance between the, sometimes conflicting, needs of various groups including those of people with a disability, the elderly and families with young children. ECLS	19/09/23	NO	LEARNING ESTATE STRATEGY AND DELIVERY PROGRAMME UPDATE – FUTURE FORRES ACADEMY AND BUCKIE HIGH SCHOOL	The quality of the learning environment can impact on learning and attainment by as much as 16%. The condition and suitability of our learning estate, and capacity challenges associated with both growth and population decline in some areas, give rise to unequal opportunity across Moray. This proposal supports the Learning Estate Strategy requirement that all Learning Estate buildings meet minimum standards and are fit for purpose. Equality impact assessments will be carried out as appropriate during the development of the outline business cases in order to ensure that benefits are distributed fairly and impacts on groups protected under the Equality Act 2010 are identified and, where reasonably possible, mitigated.

CORP	07/11/23	NO	COMPLAINTS ANNUAL REPORT 2022-23	The Equal Opportunities Officer has been consulted in the preparation of this report. The Equal Opportunities Officer has recommended that where services are experiencing high volumes of complaints, the management of respective services should arrange to identify common complaint issues and any learning arising. This will help to ensure that complaints are not arising from situations where customer diversity needs have not been considered or addressed, e.g. disability or cultural issues. He further recommends that where there is evidence or a suspicion that a complaint is related to characteristics protected under the Equality Act 2010 (race, disability, sex, religion/belief, sexual orientation, age, gender reassignment, pregnancy/maternity), services must make contact the council's Equal Opportunity Officer.
CORP	07/11/23	NO	TRUST PROPERTIES IN ELGIN	A stage 1 Integrated Impact Assessment identified no adverse impacts. The proposals involve bringing four dwelling houses back into use, which would then be let out in accordance with the Council's Allocations Policy. There is no change to Council services involved.
ED&I	14/11/23	NO	ACTIVE TRAVEL STRATEGY AND ACTION PLAN ANNUAL UPDATE	Supporting Active Travel is beneficial for public health, and helps to tackle inequalities. Raising the profile of Active Travel choices will also help to improve accessibility for those with mobility disabilities. The provision of new shared use paths when developing the network in Moray, will create better accessibility for wheelchair users.
ED&I	14/11/23	NO	ROAD SAFETY PLAN TO 2030	An Integrated Impact Assessment has been undertaken and no negative impacts on any protected groups were found. An action in the Road Safety is to provide active travel infrastructure which would be utilised by users with protected characteristics (Disability and Age). An individual Equalities Impact Assessment will be undertaken as individual schemes are developed to seek to maximise the benefits of each scheme.

ED&I	14/11/23	NO	BIODIVERSITY DUTY REPORT 2021-2023	Equal access to quality greenspace is important for health, wellbeing, community cohesion, child development and limiting harm from pollution. Improving biodiversity presents opportunities to reduce inequality.
ED&I	14/11/23	NO	CONSULTATION ON SCOTLAND'S STRATEGIC FRAMEWORK FOR BIODIVERSITY	Equal access to quality greenspace is important for health, wellbeing, community cohesion, child development and limiting harm from pollution. Improving biodiversity presents opportunities to reduce inequality.

H&CS	21/11/2023	NO	STRATEGIC HOUSING INVESTMENT PLAN (SHIP) 2024/2025 - 2028/2029	The housing needs of equalities groups are identified in the LHS. The LHS is subject to an Equalities Impact Assessment. The Moray Affordable Housing Programme seeks to deliver the housing priorities contained in the LHS.
H&CS	21/11/2023	NO	RENT SETTING POLICY REVIEW	An Integrated Impact Assessment (APPENDIX III) has been completed as part of the review of the Rent Setting Policy and no negative impacts identified. This will be reviewed following the formal consultation process with stakeholders and updated as required.
A&S	22/11/2023	NO	SCOTTISH PUBLIC SERVICES OMBUDSMAN RECOMMENDATIONS REPORT	The Equal Opportunities Officer has recommended that where services are experiencing high volumes of complaints, the management of respective services should arrange to identify common complaint issues and any learning arising. This will help to ensure that complaints are not arising from situations where customer diversity needs have not been considered or addressed, e.g. disability or cultural issues. The Officer further recommends that where there is evidence or a possibility that a complaint is related to characteristics protected under the Equality Act 2010 (race, disability, sex, religion/belief, sexual orientation, age, gender reassignment, pregnancy/maternity), services make contact the Council's Equal Opportunity Officer.
ECLS	28/11/2023	NO	EARLY LEARNING AND CHILDCARE (ELC) – TOP UP HOURS UPDATE	An Integrated Impact Assessment (IIA) has been completed and is attached as Appendix 1. Section 3 of the IIA is still to be finalised. The IIA identifies that there may be a socio economic impact on some families as a result of increasing charges; however, as the increase is relatively small it is not expected that the proposal will prevent families from accessing the top up hours service. In order to ensure the local authority services offering top up hours are charging a fair market rate and to reduce operating costs and bring the ELC budget in line, it is important that these changes should go ahead. As indicated in the IIA, there will be consultation with service users more generally to help explain the changes proposed, discuss mitigating actions and give an opportunity to tease out any further issues which have not been identified.
ECLS	28/11/2023	NO	FORRES ACADEMY REINFORCED AUTOCLAVED AERATED CONCRETE (RAAC) CONTINGENCY AND RECOVERY PLANNING	The National Improvement Framework is aimed at reducing inequalities. The quality of the learning environment can impact on learning and attainment by as much as 16%. The condition and suitability of our learning estate, and capacity challenges associated with both growth and population decline in some areas, give rise to unequal opportunity across Moray.
ECLS	28/11/2023	YES	ACTIVE SCHOOLS ANNUAL REPORT 2022-23	Reducing inequalities through sport continues to be a priority of the Active Schools team as highlighted in the report, with a specific focus on supporting provision for young people with an additional support need. It is also stipulated by Sportscotland that all activities delivered directly by the Active Schools team are offered at no cost to the participant and this was upheld across 2022/23, improving accessibility to sessions.
MC	06/12/2023	NO	SCHOOL AGE CHILDCARE WORKING GROUP	No separate IIA form but an assessment is woven into the report.

MC	06/12/2023	NO	SMARTER WORKING PROJECT – PROGRESS UPDATE	A full Equalities Impact Assessment was provided to the meeting 28 June 2023 and following office moves no new concerns have been highlighted. Arrangements to monitor the impact have been implemented, including monitoring the number and type of requests for assistance from the Human Resource team to apply existing policy and process, to ensure any escalation in numbers relating to equality issues are acted on.
P&R	19/12/2023	NO	KEITH GREEN ENERGY AND INFRASTRUCTURE FRAMEWORK	The purpose of the Framework, as a strategic document, is to facilitate the planning process. Following screening, a full Integrated Impact Assessment (IIA) is not required. Future development proposals should have an assessment to see how benefits can be distributed fairly and in particular how they can assist in alleviating fuel poverty. ..
MC	24/01/2024	NO	SHORT TO MEDIUM TERM FINANCIAL PLANNING	Any savings proposal with an equalities or socio economic impact will be subject to an Integrated Impact Assessment (IIA) when reported and changes to IAAs for three savings are accessible via Appendix 3.
MC	24/01/2024	NO	MORAY GROWTH DEAL – MANUFACTURING INNOVATION CENTRE FOR MORAY FULL BUSINESS CASE	Equalities and socio impact assessments have been considered as each project has worked to develop their FBCs. Each FBC document contains an appendix that outlines further information on equalities / socio economic impact. Further information can be found in appendix 9 of the MICM FBC.
CORP	30/01/2024	NO	DISCRETIONARY COMMUNITY RENT REBATES	The Council has no duty to provide financial support to the beneficiaries under the scheme, all of whom undertake activities in pursuit of their own objects. Closing the scheme entirely (option 4) would affect three existing beneficiaries – 2nd Keith Scout Group, Findochty Bowling Club, and the Buckie and District Fishing Heritage Centre – all of whom were awarded limited-life rebates under the scheme. An initial screening identified no adverse impacts arising from any of the options.
CORP	30/01/2024	NO	PROPOSED 100% ADDITIONAL COUNCIL TAX PREMIUM ON SECOND HOMES	The proposal will affect the right to property under article 2 of protocol 1 of the Human Rights Act 1998. It is felt that this is justified as a proportionate means to a legitimate aim. Under the Council Tax (Variation for Unoccupied Dwellings) (Scotland) Amendment Regulations 2023 local authorities have a right to levy an additional 100% Council Tax premium on Second Homes. The proposal aims to improve the council's financial position and to increase the level of available housing stock. The proposal also allows for mitigating actions in specific circumstances.
CORP	30/01/2024	NO	SCOTTISH WELFARE FUND BUDGET PRESSURES	The Fairer Scotland Duty places a legal responsibility on public bodies to pay due regard to how they can reduce inequalities of outcome caused by socio-economic disadvantage, when making strategic decisions. As the Scottish Welfare Fund is intended to provide a safety net to people on low incomes, there is risk that future applicants to the fund will be disadvantaged by any restrictions put on the budget, causing poverty and social exclusion. Should a priority rating of “highest most compelling” be applied, particular regard to the Equalities Act 2010 “protected characteristics” will be made when assessing the needs of individual SWF applications.
ED&I	06/02/2024	NO	MORAY HYDROGEN STRATEGY UPDATE	There are no equalities/socio economic impacts at this stage. The social outcome assessment has revealed that the high need for socioeconomic intervention in places such as Buckie, Aberlour and Keith could be addressed by deploying pilot hydrogen, end-use or storage projects within the area. This will be considered, and an equalities impact assessment carried out where funding applications are progressed.
ED&I	06/02/2024	NO	PARKING ENFORCEMENT	There may be some impacts on the grounds of disability. Enforcing the restrictions which are already in place may affect people with a disability as they may not be able to get directly to the location they wish, but this is deemed justified as a proportionate way of ensuring safety and accessibility for pedestrians.
ED&I	06/02/2024	NO	PAVEMENT PARKING	Vehicles parking either partially or wholly on the public footway can present an obstruction to pedestrians and present a hazard to those with restricted mobility and/or visual impairments. Promoting compliance of this should help raise awareness of these issues and promote compliance. The guidance provided to support the parking assessments included a requirement to undertake Equalities Impact Assessment for the locations where an Exemption order was promoted. An integrated Impact Assessment has been carried out for the recommended proposal and is available in (Appendix A) .

ED&I	06/02/2024	NO	M.CONNECT EXPANSION	The project aims to reduce inequalities through the provision of accessible and affordable transport options, particularly tackling barriers to employment. A full Equalities Impact Assessment has been carried out as part of the project.
ED&I	06/02/2024	NO	BUDGET FOR EXTERNAL CONSULTANCY SERVICES – PHASING OUT THE USE OF GLYPHOSATE BY 2025	The recently agreed reductions in the use of Glyphosate helps to support increasing biodiversity and contribute to community health and wellbeing by reducing inequalities of access to nature.
