Notes for Parents & Carers

This booklet is designed to give parents and carers basic information about the education system in Moray and also to detail specific areas of government legislation that may relate to the child's experience at school.

Where we use the word "Parent" this refers to anyone with parental responsibilities (within the meaning of section 1(3) of the Children (Scotland) Act 1995) or has care of a child or young person.

The information within this booklet is updated annually and is correct at the time of publication (December 2012), but changes may take place during the year - for example, the cost of a school meal may increase, or new legislation may be introduced which requires us to change our policies and procedures.

Should you have any queries you can contact:

1. INTRODUCTION

▪ Education & Social Care Mission, Aims & Values

Building on the good work done to establish our Mission Statement – “Learning to Live, Living to Learn” and our Aims – “Inspire, Include and Improve”, we have established a set of values which will underpin and support this work. Our values, **Service, Balance, Respect, Trust and Commitment**, will, over time, characterise how things are done within Education & Social Care by guiding our behaviour, directing our decision-making and creating a positive climate in which individuals can act with responsible freedom.

1. INTRODUCTION

▪ School provision in Moray

Education & Social Care is responsible for pre-school education, primary education, secondary education, and additional support needs (including educational psychology).

There are 53 schools within Moray - 8 secondary schools and 45 primary schools (21 with pre-school provision).

In September 2012, there were:

- 5598 secondary pupils
- 6363 primary pupils

All schools are co-educational (have pupils of both sexes).

There are 3 Roman Catholic primary schools (denominational). These are St Peter's RC Primary School in Buckie, St Sylvester's RC Primary School in Elgin, and St Thomas RC Primary School in Keith. It is important to note that the provision does not cover the whole of Moray. Parents should contact the school directly to discuss the possibility of enrolment, which may involve making a placing request.

The policy of Education & Social Care is to provide good, sound, modern education, tuned as far as possible to the needs of individual children and incorporating the methods developed from guidance given by national agencies. At the same time, Education & Social Care has developed its own approaches based on an appreciation of educational research and the needs of Moray in particular. Head Teachers have an obligation to make parents aware of these modern developments, due particularly to the fact that many approaches have changed from the time when many parents were themselves at school. Parents are encouraged to support initiatives taken by schools to involve and inform them about relevant issues.

The contact details for all of the schools in Moray are listed in Section 12 of this booklet. Each school produces a school handbook containing information about the school which is updated annually. This is available on request from the Head Teacher. The Education (Provision of Information as to schools) (Scotland) Regulations 1993 require all schools (except nurseries) to include the following information in their school handbooks, which are available from 15 December each year:

- Scottish Qualifications Authority (SQA) examination results (secondary schools only)
- School leaver destinations (secondary schools only)
- Budgeted school running costs
- Attendance and absence rates
- Policy on additional support needs
- Policy on development of spiritual, moral, social and cultural values

School inspection reports are available at each school and in local public libraries, or from Her Majesty's Inspectorate of Education website www.hmie.gov.uk. Other useful websites include www.scottishschoolsonline.gov.uk and www.parentzonescotland.gov.uk.

1. INTRODUCTION

▪ Information for Parent & Carers Leaflets

A series of leaflets has been produced by Education & Social Care for parents and carers. These leaflets are available from the school or the Moray Council Internet site

http://www.moray.gov.uk/moray_standard/page_42708.html

▪ Inclusion Policy

Children and young people are described as having additional support needs if, compared with other children of similar ages, they have a significant difficulty in learning, or a disability which prevents or hinders them from making use of the educational facilities which are provided for children of that age. The aim of education for children with additional support needs is the same as for all children and should be appropriate to their age, ability and aptitude.

Education & Social Care has an Inclusion Policy, and follows national guidance on statutory duties in relation to inclusion. The “Standards in Scotland’s Schools, etc, Act 2000” has a “presumption of mainstreaming” which means there is a requirement that the education of all children should be provided in mainstream schools, unless certain, specified exceptions apply. Such exceptions are expected to occur only in rare circumstances. However, the authority continues to take account of parental preferences when placing pupils with learning difficulties/disabilities. Many schools have additional facilities and resources to support these pupils.

▪ Pre-School Education

The Scottish Government fund part-time pre-school education places for children aged 3 - 5. A funded part-time place offers up to 5 sessions (2½ hours per session) of pre-school education per week. The quantity of sessions available may vary between providers.

Pre-school education is not a statutory requirement and it is for parents to decide whether they want their child to participate. A list of registered providers is available from Education & Social Care.

Should you require a copy please contact:

Education & Social Care, The Moray Council, Council Offices, High Street, Elgin IV30 1BX
Telephone 01343 563374, email EducationalServices@moray.gov.uk

2. CHOOSING A SCHOOL

▪ School catchment areas

Education & Social Care has a zoning policy for all schools. All schools serve a local catchment area which has been determined by the Children & Young People's Services Committee. These catchment areas are known as delineated areas in legislation. Information on school catchment areas is available at each school or from Education & Social Care. Parents have the right to make a request to Education & Social Care to have their child enrolled in the school of their choice.

The contact details for all of the schools in Moray are listed in Section 12 of this booklet. Each school produces a school handbook containing information about the school which is updated annually. This is available on request from the Head Teacher.

▪ Registering a child for education

All children should be registered for education at their local catchment school either when moving into Moray or when a child is due to start Primary 1. The contact details for all of the schools in Moray are listed in Section 12 of this booklet.

Registration for children due to start Primary 1 in August 2013 will take place in the week commencing 14 January 2013. An advert will appear in the local press, and posters will be displayed within the local neighbourhood inviting parents to register their child for Primary 1 at their local catchment area school. Parents should take their child's birth certificate to the school when they register. At the same time as registering, parents can get information about making a request for a place in another school of their choice (see page 4 - "Placing Requests").

A child will normally start Primary 1 in August 2013 if his/her fifth birthday falls between 1 March 2013 and 28 February 2014.

If the child's fifth birthday falls between 21 August 2013 (the day after the school term starts) and 28 February 2014, a parent may wish to delay starting Primary 1 until the following August when the child will be 5½ years old. This is known as "deferring entry". All parents requesting a deferred entry must discuss this with their current pre-school centre and their possible primary school.

If the child is under 4½ years old the parent can make a request for "early entry" to education. The Early Entry Assessment Team will assess the child and make a recommendation as to whether school education is suitable for the child. A request should be made by sending a letter to:

Education & Social Care
The Moray Council
Council Office
High Street
ELGIN
IV30 1BX

Telephone 01343 563374, email EducationalServices@moray.gov.uk

2. CHOOSING A SCHOOL

▪ Enrolling a child at school

At the time of registration at the local catchment area school, Head Teachers should in most cases be able to enrol a child. However in some schools there are difficulties and these may have to be resolved by placing requests.

3. PLACING REQUESTS

▪ Making an application

Every parent has a right, without necessarily giving reasons, to make a request to Education & Social Care to have their child enrolled in the school of their choice. This right can be exercised at any time, and not just at the time of first admission to school. This right is called a “placing request”. At the time of registration, parents have the opportunity to make a placing request by completing Form PR1.

Placing request forms for first admission to primary school in August 2013 (primary 1) should be submitted by 15 March 2013. Placing request decisions will be made by 30 April 2013. Education & Social Care has 2 months to give a decision regarding placing requests made at any other time. All placing request made on or after 16 March 2013 will be considered after the requests before 15 March 2013 have been decided and notified.

Education & Social Care is bound by legislation to inform a parent in writing of its decision about a placing request. If the placing request is refused, parents will be informed in writing of the reasons for this decision, and how parents can appeal against the decision.

▪ If the school is oversubscribed

Where a school's capacity is likely to be exceeded, the Children and Young People's Services Committee has drawn up the following list of priorities which will be applied in granting applications to fill the number of available places. Priority will be given:-

- (a) where the pupil is resident within the catchment area for the school requested;
(resident within the catchment area is defined as having an address which is a domestic property within the catchment area and the child being in actual physical residence there, or is anticipated to be in residence there within 8 weeks of the placing request being made)
- (b) where the pupil is a member of the same household as a pupil already in attendance at the school requested;
- (c) where, in the opinion of the Head of Additional Support, there are psychological or medical reasons for admission to the school requested;

3. PLACING REQUESTS

(d) where there are any other reasons for wishing the child to be educated at the school requested

▪ Reasons for refusal

The Education (Scotland) Act 1980 as amended states that the Education Authority may refuse a placing request for any of the following reasons:-

(a) if placing the child in the school would:-

- i. make it necessary for the authority to take an additional teacher into employment;
- ii. give rise to significant expenditure on extending or altering the school's accommodation or facilities;
- iii. though neither of the above tests is satisfied, if the consequence is that the capacity of the school would be exceeded in terms of pupil numbers;
- iv. be seriously detrimental to the continuity of the child's education;
- v. be likely to be seriously detrimental to order and discipline in the school;
- vi. be likely to be seriously detrimental to the educational well-being of pupils attending the school;
- vii. require the formulation of an additional class or the appointment of an additional teacher at a future stage of the child's education at primary school;
- viii. prevent children moving into the local catchment area during a session gaining a place in their local school – the authority is entitled to reserve a reasonable number of places to meet this need;

(b) if the education normally provided at the specified school is not suited to the age, ability or aptitude of the child;

(c) if the education authority has already required the child to discontinue his/her attendance at the specified school

3. PLACING REQUESTS

▪ Placing request appeals

Parents have the right of appeal against decisions made regarding placing requests. Parents should bear in mind that:

- you can not appeal against the refusal of a place in a nursery school or nursery class
- you can appeal only once a year for each of your children
- you must appeal no later than 28 days after you receive the Education & Social Care letter of refusal

A letter of appeal should contain the child's full name, the school you wish them to attend, and your reasons for appealing against the decision. The letter should be sent to:

Clerk to the School Placing & Exclusions Appeals Committee
The Moray Council
Council Office
High Street
ELGIN
IV30 1BX

▪ Placing request transport arrangements

Where a child is enrolled in a school which is outwith his/her local catchment area, the parent is totally responsible for making transport arrangements and for meeting all costs involved, except in very limited cases where the Corporate Director (Education & Social Care) has discretion to grant travel costs. Travel costs would only be granted where the Corporate Director (Education & Social Care) accepts that, in the first instance, the reason given by the parent for not enrolling the child in the local catchment area school is for educational or medical/psychological reasons or is related to safety considerations. Free transport will only be provided in this case where provision can be made within existing travel arrangements.

4. SCHOOL TRANSPORT

Free school transport is provided under the terms of existing legislation and Council policy. This means that all primary and secondary pupils who live more than 2 miles from their school will be provided with free transport if that is their local catchment area school. Education & Social Care do not guarantee to provide 'door to door' transport. In certain instances, children may be required to walk up to 2 miles as appropriate.

No financial provision will be made for pupils who do not attend their catchment school, except where the Corporate Director (Education & Social Care) agrees. In particularly cases of difficulty, for example where medical problems exist or where problems of safety arise, parents should contact the Corporate Director (Education & Social Care).

Free transport may be provided in various ways, either by season tickets on buses, or by contract transport. An administrative charge will be made for issuing a replacement season ticket. In certain isolated and exceptional circumstances, financial payments may be made directly to parents to transport their own children, but this is restricted to areas where other moral normal methods of transport provision are impossible.

5. SCHOOL TERM AND HOLIDAY DATES: 2013-2014

(all dates inclusive)

- Autumn Term: Tuesday 20 August to Friday 11 October 2013
- Autumn Holiday: Monday 14 October to Friday 25 October 2013
- Winter Term: Monday 28 October to Friday 20 December 2013
- Christmas Holiday: Monday 23 December 2013 to Friday 3 January 2014
- Spring Term: Monday 6 January to Friday 28 March 2014
- Spring Holiday: Friday 29 March (Good Friday) to Friday 12 April 2013
- Summer Term: Monday 14 April to Friday 4 July 2014

Mid-Term, In-Service and Other Closures:

- In-Service Closures: Monday 18 and Tuesday 19 November 2013
- Mid Term Holiday: Friday 14 and Monday 17 February 2014
- May Day Holiday: Monday 5 May 2014
- In-Service Closures: Thursday 22 and Friday 23 May 2014
- Plus 1 occasional day holiday to be agreed by 30 March 2013

School term and holiday dates to 2015 are available from Education & Social Care or from The Moray Council website www.moray.gov.uk

6. SCHOOL MEALS

All schools in Moray provide a wide range of healthy food in their menus. These meet the Scottish Nutrient Standards for school lunches, and offer choice and variety. In addition all schools are working to implement further recommendations from "Hungry for Success: A Whole School Approach to School Meals in Scotland". The current price of a school meal is £2.00 in primary schools and £2.10 in secondary schools.

7. FINANCIAL ASSISTANCE

▪ Free School Meals & Clothing Grants

You can claim free school meals and a clothing grant for your child if you are receiving the following benefits:-

- Income Support
- Income Based Jobseeker's Allowance
- Any income related element of Employment and Support Allowance
- Child Tax Credit, but not Working Tax Credit, and your annual income is less than £15,860 (as assessed by the Inland Revenue)
- Child Tax Credit and Working Tax Credit, with an income below the threshold for receipt of maximum Working Tax Credit (currently set by the UK Government at £6,420)
- Guaranteed Pension Credit

If you are between 16 and 18 years old and receive any of these benefits in your own right, you can claim free school meals for yourself.

You may also be eligible if you are an asylum seeker receiving support under Part VI of the Immigration and Asylum Act 1999.

Application forms are available at every school or from the Council's Payments Section (Telephone 01343 563144). Applications can also be submitted online at www.moray.gov.uk

▪ Education Maintenance Allowance (EMA)

Education Maintenance Allowances (EMAs) provide financial support to all eligible young people from low income families who undertake a full time course at school. Students who are planning to stay on at school after 16 years old may be eligible for an EMA. An EMA consists of a weekly allowance during term time and a primary condition of payment is that pupils adhere to their individually tailored Learning Agreement.

Further information on full eligibility criteria and application forms can be obtained from secondary schools. Applications can also be submitted online at www.moray.gov.uk

8. HEALTH AND SAFETY

▪ School security

All schools are fitted with security systems. Primary schools have electronically controlled door entry systems and secondary schools have a mixture of door entry and external gates.

▪ Insurance

The Moray Council does not hold insurance cover which automatically compensates school pupils for personal accident or death, loss of personal property, or damage to personal property, whether this occurs within or outwith the boundary of the school. Insurance of this nature (for example, personal accident, life, private medical, property insurance) is seen as a parental responsibility. It is your responsibility as a parent to insure your child for personal accident or death if you feel this is appropriate.

The Moray Council does hold third party liability insurance which indemnifies the Council for claims from third parties (e.g. parents on behalf of pupils) who have suffered injury, illness, loss or damage arising from the negligence of the Council or its employees. However, if there is no negligence, no claim would be accepted by the Council.

Education & Social Care has a duty of care in respect of pupils in its charge during school hours, and as such has to take reasonable steps to ensure the safety of all pupils. However, it is thought that secondary pupils should be more mature and therefore a lesser degree of supervision is deemed sufficient.

It may be necessary to provide supervision for primary children on school premises before or after normal school hours if their early arrival or late departure is due to the timing of official school transport. This general duty of care continues if the children go home by way of school transport and ends when the child gets off the bus, at which point the parents then become responsible. This supervision is normally part of a contract arrangement with transport providers.

This information is brought to your attention at this time in order that you may take whatever action you feel appropriate. We are also particularly anxious to avoid the potentially distressing situation of parents only becoming aware of the insurance position after an accident has occurred, however remote this possibility.

▪ Administration of Medicines

Whilst school staff have a general duty regarding health and safety it is NHS Grampian who have the legal responsibility regarding medical treatment of pupils. However in Moray schools there will be staff who will, with appropriate training, be able to administer essential medication. Advice is given to schools in the policy document "The Administration of Medicines in Schools", and enquiries should be made directly to the Head Teacher. Medication for your child will usually fall into 3 categories:-

8. HEALTH AND SAFETY

- (1) **Children with short term illness** who, whilst well enough to attend school, are still required to take treatment. If it is at all possible, parents should arrange the timing of treatment so that it is only taken at home, i.e. before and after school and possibly at lunchtime if the child goes home for lunch. If this is not possible, parents must discuss with the Head Teacher whether or not the medication can be given at school, before returning their child to school.
- (2) **Children with long term medical conditions** (for example those with asthma, diabetes, cystic fibrosis, severe allergic reactions) who require either regular medication to control their condition and/or occasional treatment during attacks or relapses. Every effort will be made to help such children benefit from all aspects of school life.

In certain cases individual members of staff will require specific training about a child's treatment. This should be fully discussed and agreed by parents with the Head Teacher and the Health Authority. Depending on their maturity, it may be appropriate for older children to carry their own medication and be responsible for its use. It is essential that parents ensure the school is informed of this. In many conditions, and in particular when a child requires inhaled treatment for asthma, pupils are requested to provide a reserve inhaler/supply of medication to be kept in a secure place in the school. Therefore the health of the child will then not be unnecessarily impaired should he/she forget or run out of his/her medication. Such reserve medications should be renewed at suitable regular intervals and at least once per year.

In all cases where a child requires medication to be given at school, discussion with school staff is essential. Parents should also provide precise written instructions on the amount and frequency of dosage (from a medical practitioner or as instructed by the prescribing chemist) and signed authorisation for the school to administer the medication.

- (3) **Children who complain of a headache or other pains** and request painkillers. In line with policy agreed by the Senior Clinical Medical Officer, schools will only administer medicines with the written approval of a medical practitioner. Painkillers such as aspirin and paracetamol fall into this category, and will therefore not be administered on pupil request.

Education & Social Care has the power to direct that all pupils or any individual pupil attending one of their schools be inspected by a Medical Officer of Health. There must also be such comprehensive facilities as are necessary to ensure that free medical and dental treatment is available for school children. With regard to psychiatric assistance, the Child and Family Psychiatry Unit do not accept referrals directly from Education & Social Care. Help is therefore always sought through referral to your own family doctor.

8. HEALTH AND SAFETY

▪ Child Protection

In child protection matters The Moray Council is guided by the North East of Scotland Child Protection Committee. The following statement applies to all Moray schools.

“It is the duty of The Moray Council and its entire staff to ensure, as far as possible, that all children are protected from the danger of child abuse in all its forms. These include:

Emotional abuse
Domestic abuse
Parental alcohol misuse
Parental drug misuse
Non-engaging family
Parental mental health problems
Child placing themselves at risk
Child exploitation
Physical abuse
Emotional abuse
Neglect
Other concern/s

Where school staff have concerns about a pupil, which suggests the possibility of abuse, then these concerns will be passed on to the designated Child Protection Co-ordinator in school, who will then discuss the concerns with a member of the Social Work Department to determine what, if any, action needs to be taken. In these circumstances, parents will not normally be consulted first.”

▪ Physical Intervention

All schools in Moray are aware that there is a need for teachers to physically interact with pupils. In this respect teachers are advised by the Moray Council document “Physical Intervention Guidelines”. This document describes Physical Intervention at three levels. These levels and examples from each are described below.

- Routine Level – A teacher may hold a child’s hand to demonstrate the use of a pencil, or a young child’s teacher may put an arm around his/her shoulder if a fall has caused upset.
- Crisis Intervention – May be used if it is feared that a child is doing something that will hurt him or herself, or another child. Such interventions will be recorded in the school and parents will be informed.
- Planned Intervention – This might occur when it is anticipated that a child may put him/herself or others in danger. This could be because of a previously known incident caused by an emotional or physical difficulty experienced by the child. The plan, which guides such intervention, will be agreed in advance by parents in all cases.

8. HEALTH AND SAFETY

▪ Disclosure Scotland

The Protection of Children (Scotland) Act 2003 states that it is an offence to employ anyone in a childcare position (paid or unpaid) who is on the list of those 'disqualified from working with children'. The only way for schools to access this information, is to carry out a Disclosure Scotland check. Anyone who works in a school (paid or unpaid) is considered to work in a childcare position and this check ensures the safety and security of our pupils. If you wish to become a parent volunteer in one of our schools please contact the school directly. The school will be able to give you more information about its particular requirements.

▪ Emergency situation procedure

Education & Social Care has a very clearly prepared emergency situation procedure. Head Teachers, particularly in rural areas, have complete discretion to close their school in emergency situations which would put pupils at risk. Where possible, Head Teachers try to contact parents to let them know of such a decision, however this can not be guaranteed. It is of vital importance that the Head Teacher is kept up to date with contact telephone numbers in order to cover all emergencies. Every care is taken to ensure that pupils are not sent out in dangerous conditions.

Adverse weather conditions could result in the retention of children in school, or at nearby addresses, and all Head Teachers will request parents/carers to nominate relatives or friends as an emergency contact who can, in an emergency, look after their children. Each school has a safety procedure and full details are available from the Head Teacher.

Other than phoning the school directly there are 3 additional options for finding out if a school is closed or closing. These are:

- The Moray Council website www.moray.gov.uk
- The Moray schools automated information line – dial 0870 054 9999 and enter the dedicated PIN number for the school (PIN numbers available from the school or The Moray Council website).
- Local radio stations – Moray Firth Radio and Radio Scotland will issue information bulletins.

▪ Health Promoting Schools

The Schools (Health Promotion and Nutrition) (Scotland) Act 2007 and the Curriculum for Excellence provide a framework for enabling Education & Social Care to further develop its approach to improving the health and well-being of the whole school population. The Health Promoting School initiative involves pupils, staff, parents, and members of the wider community in a whole school approach to health promotion and education. All schools in Moray are already accredited Health Promoting Schools and have been certified at a commitment, commended or excellence level.

9. ATTENDANCE AND ABSENCE

The Education (Scotland) Act 1980 requires parents to ensure that their children receive a suitable education from the time they are 5 years old. This is normally provided through attendance at school.

Section 30 of the Education (Scotland) Act 1980 states that parents have a duty to ensure regular attendance. Regulation 7 of The Education (School and Placing Information) (Scotland) Amendment etc. Regulations 1993 requires each child's absence from school to be recorded in the school register as authorised or unauthorised.

Definitions of Authorised Absence

- Illness where no learning provision is made
- Medical and dental appointments
- Meetings prior to, and in, court
- Attendance at, or in connection with, a Children's Hearing or Care Review, or appointment with another service provider, e.g. social worker
- Religious observance
- Bereavement
- Weddings or funerals of those close to the family
- Arranged absence in relation to children in Gypsy/Traveller families
- Participation in non-school debates, sports, musical or drama activities agreed by the school
- Failure of school or service transport due bad weather, breakdown, etc
- Exceptional domestic circumstances (short-term)
- Only those family holidays agreed by the school to be taken in exceptional circumstance
- Period of exclusion

Definitions of Unauthorised Absence

- Most family holidays, unless there are exceptional circumstances
- Parent-condoned absence where the school does not agree there is a satisfactory reason for absence
- Truancy, with or without the knowledge of the parent
- All other unexplained absence is recorded as unauthorised absence unless a satisfactory explanation is subsequently provided
- Longer-term exceptional domestic carer circumstances where support has been provided
- During disputes, such as relating to the return of a pupil after an exclusion

Education & Social Care monitor attendance for the purposes of ensuring the provision of appropriate education, and for health and safety. If a child has to be absent from school for any reason, parents should contact the school immediately on the child's first day of absence. The parent of any pupil marked as absent for whom no notification of absence has been received, will be contacted directly by the school to confirm the pupil's whereabouts on the first morning of absence. If an explanation for absence is not provided, the period will be marked as unauthorised absence. Parents having problems with their child's attendance should contact the school as soon as a problem arises.

10. ADDITIONAL SUPPORT NEEDS

▪ Additional Support Needs

The Moray Council is committed to working in partnership with parents, young people and children. It is important that everyone feels able to have a say at meetings and to have their views fully discussed as part of the decision making process.

Procedures such as talking to Head Teachers or Guidance Staff (in Secondary schools) can help sort out the great majority of situations. To further help with this, you can contact the additional support needs co-ordinator at the school.

▪ Additional Support for Learning in Moray: Summary Information as Required by the Education (Additional Support for Learning) (Scotland) Acts of 2004 and 2009

The Education (Additional Support for Learning) (Scotland) Act 2004 is underpinned by the theme of equality and moved Authorities from a requirement to make **general** provision to meet needs to a position where adequate and efficient provision is made for **individuals**. The Act also broadened the concept of additional support needs, promoted collaborative working between different agencies and expected greater involvement of parents and children and young people in the decision making process. The intention was to further ensure that all children and young people and their parents were included.

The 2004 Act required authorities to make adequate and efficient provision so that children and young people could benefit from school education. The additional support required was an entitlement with a presumption that their education would be provided in a mainstream setting as a matter of course.

Within our schools we operate a model of staged intervention where support is provided in varied ways to meet individual needs. Our approach to assessment ensures that the needs of children and young people are recognised and support can be provided.

At times, parents and schools may come into dispute. While we would always hope that difficulties could be resolved at the school level we recognise that parents or young people may wish to formalise their concerns. To assist with this we have a complaints procedure and also offer independent mediation and adjudication. It is also possible under certain circumstances to refer the case to the Additional Support Needs Tribunal for Scotland.

The Education (Additional Support for Learning) (Scotland) Act 2009 which came into force on 14 November 2010 continued to broaden the definition of additional support needs and provided parents with the right to make placing requests for a child or young person to attend a school in a neighbouring authority. It also further developed the concept of involving the child or young person in decisions and ensuring that communication and information sharing was enhanced.

It was a requirement of both Acts that a range of information should be published by the Authority and that all such information should be summarised and made available. This

10. ADDITIONAL SUPPORT NEEDS

statement provides that summary and parents and young people may also request more information through the other leaflets available from schools and from the Moray Council.

Who to contact

You should contact the Inclusion Development Manager for your school. There are two who split responsibilities for all schools in Moray between them.

A number of leaflets are available either in school or on the Internet

http://www.moray.gov.uk/moray_standard/page_42567.html

For further information and advice you can contact:

Education & Social Care

The Moray Council

Council Office

High Street

Elgin

Telephone 01343 563374, email EducationalServices@moray.gov.uk

10. ADDITIONAL SUPPORT NEEDS

▪ Accessibility

The school has a duty to ensure that all our pupils have equal access to the curriculum, supported as appropriate to their individual needs. This covers not only the content of lessons and the teaching strategies but also minor adaptations to the physical environment of our buildings to address the needs of pupils with physical or sensory impairments, including the relocation of classes to the ground floor where feasible. We also need to ensure that parents and carers who have a disability have equal access to information about their children. This will involve, for example, relocating a venue for parents meetings to facilitate physical access; provision of an interpreter for deaf people; agreeing a phone contact system to provide direct feedback to parents.

▪ Educational Psychology Service

The Educational Psychology Service is a statutory service which is provided at no cost by the Council for the benefit of the people in Moray. The overall purpose is to promote the development of the personality, talents and mental and physical abilities of children and young people to their fullest potential through collaborative work with individuals, families, schools, educational managers, and other agencies.

The statutory functions are set out in Section 4 of the Education (Scotland) Act 1980, with subsequent amendments as follows:-

'It shall be the duty of every Education Authority to provide for their area a Psychological Service, and the functions of that Service shall include:-

- the study of children with additional support needs;
- the giving of advice to parents and teachers as to appropriate methods of education for such children;
- in suitable cases, provision for the additional support needs of such children;
- the giving of advice to a Local Authority within the meaning of the Social Work (Scotland) Act 1968 regarding the assessment of the needs of any child for the purposes of any provisions of that or any other enactment'.

This is a wide remit and includes the broad range of children and young people in the 0 – 19 year age range who have additional support needs of any kind. In addition, the Service has a central role in ensuring that the Education Authority meets its statutory obligations in terms of the Education (Scotland) Act 1981 and the Education (Additional Support for Learning) Acts of 2004 and 2009.

For further information and advice you can contact the Educational Psychology Service:

Beechbrae Education Centre

Duffus Road

ELGIN

IV30 4NP

Telephone 01343 550999, email educ_psychology@moray.gov.uk

10. ADDITIONAL SUPPORT NEEDS

▪ English as an Additional Language Service (EAL)

This service aims to facilitate access to the mainstream curriculum for bilingual pupils, and to ensure equality of opportunity within Moray schools. It aims to enable pupils to take a full part in the life and work of the school and the wider community, working in partnership with parents. The service recognises the cultural and linguistic diversity of bilingual pupils as a positive contribution to be recognised by all.

If you as a family use another language other than English as your first language at home, you will need to tell your Head Teacher when you enrol your child, so that the level of support can be established.

▪ Language Support & Early Years Service (LSEY)

This peripatetic (travelling) service covers the whole of Moray and the work involves young children with pronounced learning and communication difficulties. The Service includes children with autistic spectrum and complex communication disorders within its remit.

The Early Years work covers pre-school children in the age range 3-5 years who have significant learning and/or communication disorders. A strong emphasis is placed on support for parents and the work includes pre-school home visits.

The Language Support Service covers children in the early years of primary school and the focus is upon specific language and communication problems rather than general learning difficulties. Supporting the transition into primary school is an important part of the remit. It is the peripatetic equivalent of language unit provision which has been established in certain other authorities.

▪ Sensory Education Service

Deaf Education Service

This service provides a team of peripatetic (travelling) Teachers of the Deaf, Communication Assistants, Auxiliary support and Deaf and Hard of Hearing Role models who provide direct teaching and support active learning for Deaf and partially hearing children from diagnosis through to leaving school. We work closely with teachers, parents, health services and voluntary agencies to ensure the effective contribution of deaf pupils to their school life and the wider community. Sign Language classes and Deaf Awareness training are available.

Visual Education Service

This peripatetic (travelling) service provides support for the visually impaired child in his/her home, playgroup, nursery or school. This takes the form of ongoing assessment of functional vision, and the planning and implementation of teaching programmes. The

10. ADDITIONAL SUPPORT NEEDS

service is especially involved at critical times in a child's education, i.e. school start, school transfer and leaving school. Awareness training is offered to all relevant staff.

Regular home visits are made to offer advice and information on the education of visually impaired children. Parents are accompanied to the eye clinics and encouraged to participate in teaching their children essential skills. Equipment and toys are available for loan.

11. GENERAL INFORMATION

▪ **Parental Involvement (including Parent Councils)**

Under the Scottish Schools (Parental Involvement) Act 2006, all parents of pupils in attendance at your school are automatically part of the Parent Forum. As a member of the Parent Forum you can expect to:

- Receive information about the school and its activities
- Hear more about what partnership with parents means for the school
- Participate in deciding how the parent representative body (the Parent Council) is organised and how it operates
- Identify issues you want the Parent Council to work on with the school
- Be asked your opinion by the Parent Council on issues relating to the school and the education it provides
- Work in partnership with staff
- Enjoy taking part in the life of the school in whatever way you can

The Parent Forum decides on the type of Parent Council and constitution which is right for the school. Only parents of children at the school can be members of the Parent Council, although the Parent Council constitution can allow for other people to be co-opted. The Chair of the Parent Council must be a parent of a child at the school. The Head Teacher will be able to provide further information about the Parent Council.

11. GENERAL INFORMATION

▪ Race Relations Act

Race Equality

Education & Social Care has general and specific duties under Section 71(1) of the Race Relations Act 1976. The Moray Council is opposed to Racism. It is committed to taking all steps within its power to eliminate discrimination and racist incidents and to promote equal opportunities and good relationships amongst all communities. Education & Social Care is committed to an inclusive ethos based on respect for, and celebration of, ethnic diversity. Education & Social Care strive to prepare all pupils for living in a multi-cultural and multi-ethnic society and will strive to promote race equality in all dimensions of its work amongst service users, staff and partners in the community.

The Moray Council has a Scheme for Race Equality and as part of that scheme Education & Social Care has a distinct Race Equality Policy. A copy of the policy is available to view in school, or on the Internet www.moray.gov.uk/downloads/file43732.pdf

Full guidance on race equality strategies are contained within The Moray Inclusion File – “Race Equality”. Copies of this file are available to view in school, or on the Internet www.moray.gov.uk/moray_standard/page_43019.html

Should you require copies please contact:

Education & Social Care, The Moray Council, Council Offices, High Street, Elgin IV30 1BX
Telephone 01343 563374, email EducationalServices@moray.gov.uk

Racist Incidents

“A racist incident is any incident which is perceived to be racist by the victim or any other person”.

The Moray Council is a partner in the Grampian Racial Incidents Multi-agency Strategy group. All racist incidents must be recorded as a racist incident using the appropriate form. Parents, pupils or staff can ask to report the incident using the Racist Incident Monitoring Form at the school. Parents, pupils or users of Education & Social Care can report a racist incident to any of the other agencies involved in the Partnership. Guidelines for using the form and details of the Racist Incidents Strategy are available in all schools and educational establishments.

Moray Council has provided schools with instructions on how to access translators if required by parents or pupils.

▪ Disability Discrimination

Within Moray Council, Education & Social Care strategies to avoid discrimination on the basis of pupil disability are guided by legislation as contained in Part IV of the Disability Discrimination Act 1995, as amended 2001. This legislation makes it unlawful for a school to discriminate against a child for reasons related to his/her disability.

11. GENERAL INFORMATION

A “disability” is defined as a condition which prevents or makes it unreasonably difficult for a child or young person to access:

- the school curriculum – e.g. are large print books available for children with visual impairment?
- the school environment – e.g. can a child who uses a wheelchair move readily, as required, from one area of the school to another?

Disability is also defined as a condition which may require the school to introduce appropriate alternative communications systems – e.g. supplying portable electrical vibrators to allow hearing impaired children to be aware of school bells and/or fire alarms.

Full guidance on disability access strategies are contained within The Moray Inclusion File – “Accessibility for All”. Copies of this file are available to view in school, or on the Internet www.moray.gov.uk/moray_standard/page_43019.html

Should you require a copy please contact:

Education & Social Care, The Moray Council, Council Offices, High Street, Elgin IV30 1BX
Telephone 01343 563374, email EducationalServices@moray.gov.uk

“A Guide for Parents to part IV of the Disability Discrimination Act 1995 as amended by the Special Educational Needs and Disability Act 2001 – schools” can be obtained free of charge via the Disability Commission helpline - telephone 08457 622633

▪ Curriculum for Excellence

Bringing **learning to life** and **life to learning**

Curriculum for Excellence is being introduced across Scotland for all 3-18 year olds – wherever they learn. It aims to **raise standards**, prepare our children for a future they do not yet know and equip them for jobs of tomorrow in a fast changing world.

Curriculum for Excellence enables professionals to teach subjects creatively, to **work together** across the school and with other schools, to share **best practice** and explore learning together. Glow, Scotland’s unique, world-leading, online network will support learners and teachers in this and plans are already in place for parents across the country to have access to Glow.

Teachers and practitioners will share information to plan a child’s ‘learning journey’ from 3-18, helping their progression from nursery to primary, primary to secondary and beyond. They’ll ensure children continue to work at a pace they can cope with and with challenges they can thrive on.

Curriculum for Excellence balances the importance of **knowledge** and **skills**.

Every child is entitled to a **broad and deep** general education, whatever their level and ability. Every single teacher and practitioner will be responsible for **literacy and numeracy** – the language and numbers skills that unlock other subjects and are vital to everyday life.

11. GENERAL INFORMATION

Curriculum for Excellence develops **skills** for learning, life and work to help young people go on to further study, secure work and navigate life. It brings real life into the classroom, making learning relevant and helps young people apply lessons to their life beyond the classroom. It links **knowledge** in one subject area to another helping children understand the world and make connections. It develops skills so that children can think for themselves, make sound judgements, challenge, enquire and find solutions.

There will be new ways of **assessing progress** and ensuring children achieve their potential. There will be new **qualifications** for literacy and numeracy from 2012/13 and new National 4 and 5 qualifications from 2013/14. Our well regarded Access, Highers and Advanced Highers will be updated to take account of, and support, the new approaches to learning and teaching.

There will be personal **support** to help young people fulfil their potential and make the most of their opportunities with **additional support** if that's needed. There will be a new emphasis by all staff on looking after our children's **health and wellbeing** – to ensure that the school is a place where children feel safe and secure.

Ultimately, Curriculum for Excellence aims to improve our children's life chances, to nurture **successful** learners, **confident** individuals, **effective** contributors, and **responsible citizens**.

▪ Data Protection Act

Information on pupils and parents/carers is stored securely on a computer system. The information gathered is subject to the terms of the Data Protection Act 1998.

The information may be used for teaching, registration, assessment and other administrative duties. The information is shared with Moray Council for administrative and statistical purposes. Extracts of the information are shared with a range of partners such as Skills Development Scotland, the Scottish Qualifications Authority, and the NHS (for the dental and child health immunisation programmes). Information is also shared with The Scottish Government for statistical and research purposes, although individual children are not identified.

The Data Protection Act ensures that information is collected fairly and lawfully, is accurate, adequate, up to date, not held for longer than necessary, and may only be disclosed in accordance with the Codes of Practice.

For more information contact the Administrative Officer,
Education & Social Care, The Moray Council, Council Offices, High Street, Elgin IV30 1BX
Telephone 01343 563374, email EducationalServices@moray.gov.uk

11. GENERAL INFORMATION

▪ Transferring Educational Data About Pupils

Data on each pupil is collected by local authorities and the Scottish Government. Pupil names and addresses are collected by the school and education authority but they are not passed to the Scottish Government. Your postcode is the only part of your address that is transferred. Data is held securely and no information on individual pupils can or would be published by the Scottish Government. It is used for statistical and research purposes only.

Why do we need your data?

In order to make the best decisions about how to improve our education service, Scottish Government, education authorities and other partners such as the SQA need accurate, up-to-date data about our pupils. We are keen to help all our pupils do well in all aspects of school life and achieve better examination results. Accurate and up-to-date data allows us to:

- plan and deliver better policies for the benefit of all pupils,
- plan and deliver better policies for the benefit of specific groups of pupils,
- better understand some of the factors which influence pupil attainment and achievement,
- share good practice,
- target resources better.

Data policy

Information about pupils' education is collected through our statistical surveys in partnership between the Scottish Government and Local Authorities through the ScotXed Programme which aims to help schools and Local Authorities by supporting efficient collection, processing and dissemination of statistical information. The Scottish Government then provides analysis of the data to support research, planning, management and monitoring of education services as well as to produce National Statistics publications.

Education data within Scottish Government is managed effectively by secure systems and is exploited as a valuable corporate resource, subject to confidentiality restraints. As part of its data policy, Scottish Government will not publish or make publicly available any information that allows individual pupils to be identified, nor will data be used by Scottish Government to take any actions in respect of individuals. Data is held securely and no information on individual pupils can or would be made publicly available by Scottish Government.

Your data protection rights

The collection, transfer, processing and sharing of ScotXed data is done in accordance with the Data Protection Act (1998). We also comply with the National Statistics Code of Practice requirements and other legislation related to safeguarding the confidentiality of data. The Data Protection Act gives you the right to know how we will use your data. This note can give only a brief description of how we use data. Fuller details of each individual ScotXed survey, including the purpose of each and the published data, can be found on the ScotXed website (www.scotxed.net).

11. GENERAL INFORMATION

Scottish Government works with a range of partners including HM Inspectorate of Education, Skills Development Scotland and the SQA. On occasion, in order to help meet our aim of improving our education system, we may make individual data available to partners and also academic institutions and organisations to carry out additional research and statistical analysis to meet their own official responsibilities. Any sharing of data will be done under the strict control of Scottish Government, and will be consistent with our data policy. This will ensure that no individual level data will be made public as a result of the data sharing and that these data will not be used to take any actions in respect of an individual. Decisions on the sharing of data will be taken in consultation with relevant colleagues and individuals within and outwith Scottish Government. At all times pupils' rights under the Data Protection Act and other relevant legislation will be ensured.

Further information

If you have any concerns about the ScotXed data collections you can email the Senior Statistician, Peter Whitehouse, at Peter.Whitehouse@scotland.gsi.gov.uk or write to:
The ScotXed Support Office, Area 2D, Victoria Quay, Leith, EH6 6QQ.

You can also contact the ScotXed Co-ordinator for Moray at:
Education & Social Care, The Moray Council, Council Offices, High Street, Elgin IV30 1BX
Telephone 01343 563374, email EducationalServices@moray.gov.uk

▪ **Freedom of Information (Scotland) Act 2002**

The Freedom of Information (Scotland) Act 2002 aims to increase openness and accountability in the Public Sector by giving people a right of access to information held by Scottish public authorities. The Act applies to almost all public bodies in Scotland including local authorities, the NHS, colleges the Scottish Parliament and The Scottish Government. The Moray Council aims to make as much information as possible directly available to the public through its website and through its Publication Scheme. If you can't find what you are looking for then you can contact any department of the Council directly or complete an online form. The web site address in www.moray.gov.uk

12. SCHOOLS – LIST BY ASG AREA

There are 53 schools within Moray - 8 secondary schools and 45 primary schools. Children with additional support needs receive support in units or bases and support for learning provision in mainstream schools. Each school produces a School Handbook, which provides more information about the school. In some cases schools may also have their own website.

Schools work in a group format, based on a Secondary school and its associated Primary schools. This is known as an Associated School Group (ASG). There are 8 Associated School Groups in Moray:-

- Buckie ASG
- Elgin Academy ASG
- Elgin High ASG
- Forres ASG
- Keith ASG
- Lossiemouth ASG
- Milne's ASG
- Speyside ASG
