I know that my information could also be used by The Moray Council or the Scottish Government for their records but my personal details cannot be identified from this.

I have read the leaflet '**Sharing Information – Information for Children**' and the leaflet '**Data Protection Act 1998 – Information for Children**' and asked any questions I didn't understand.

I know you might need to share information sometimes to make sure I get the best help possible or to keep me safe, even if I say no.
