Dear Sir

**TOWN AND COUNTRY PLANNING (SCHEMES OF DELEGATION AND LOCAL REVIEW PROCEDURE) (SCOTLAND) REGULATIONS 2008
REQUEST FOR REVIEW: PLANNING APPLICATION 09/00247/FUL - PLANNING PERMISSION FOR THE ERECTION OF TWO 800 KW WIND TURBINES AT MYRETON CROSSROADS, KEITH
PROCEDURE NOTICE RELATIVE TO NEW EVIDENCE**

I refer to your letter dated 30 April 2000.

I respond on behalf of the Transportation Manager to your request for our view on the following policy documents in terms of the written submissions procedure set out in Regulation 15:

- 2010 Scottish Planning Policy (SPP) – Renewable Energy Section and;
- The Moray Council's Policy Interpretation for Wind Turbine Developments

Transportation consider both of the above documents to be new evidence which was not available at the time of the determination of the planning application. I highlight in particular the overall policy aim of SPP paragraph 184:

ISO 9001 : 2008
FS 33734

Per Mr R Ritchie

“..... ensuring that an area’s renewable energy potential is realised and optimised in a way that takes account of relevant transport issues”

Transportation therefore have no objection to these documents being included as part of the Policies to be considered by the Local Review Boards.

Finally I can confirm that I have distributed this response to the other parties listed in the schedule attached to your letter, as directed by Regulation 15(3).

Yours faithfully

Richard Gerring
