Dear Mr Smith,

Re: Cumulative Impact Assessment (Planning Ref: 07/0247/FUL)

Following receipt of your e mail on the 13th July 2009, a cumulative impact assessment for the area around the site of the two additional Myreton wind turbines was undertaken and is enclosed with this letter. This takes into account the other existing, approved and proposed wind turbines/farms listed within the letter.

The cumulative impact assessment contains 28 photomontages, 13 are reused from the original planning document and 15 are new photomontages.

Six high quality copies of the cumulative impact assessment have been included with this letter.

If you require any further information please do not hesitate to contact me either by phone or e mail at: oliverpenney@serenenergy.co.uk

Yours sincerely

Oliver Penney
