Steven,

We're currently registering the above application and wonder whether formal consultation with yourselves is required on the basis of a potential material increase in traffic entering the trunk road. The application is for the erection of a dwelling that will access onto a minor unclassified road, which then joins onto the A95 trunk road at two points 1.5km to the north and 2.5km to the west. The road itself serves 13 other houses and the Glenfarclass distillery. Please advise whether you wish to be consulted.

An extract of the application drawings is attached.

Regards,

Richard Smith
