**Guest Speaker** Rachael Anderson RES, gave a presentation of the latest information on the application for the expansion of the Hill of Towie Windfarm. She explained that the consultation period is now on, this is to appear in both local and national newspapers. Rachael then went on to explain how the community will benefit from this, the proposal is for the community fund to receive £2000 per Mw, with a further £3000 per Mw to go towards a subsidy of electric bills of householders and businesses in the surrounding area, this provoked much discussion on how this will be decided as to who will or will not benefit. Rachael was thanked for her informative talk.

**Website Design:** Jacob gave us an update on the website which is almost complete and only requires a little fine tuning before we go on to advertise it.

**1. Police Matters:**

Since the last meeting in October, there has been only 20 crimes. Which consist of thefts and dishonesties, road traffic offences, vandalism and other miscellaneous offences. There has been an increase of thefts both in and out of town, those out of town are mostly fuel thefts.

Sgt Mulloy gave a timely reminder to be aware of the colder weather affecting road conditions and the early dark nights giving cover to break-ins. Ian brought up the subject of a number of vehicles with only one headlight, this being more dangerous on narrow roads as it is difficult to judge the width of oncoming vehicles. There were no further comments from the members.

New treasurer James has yet to complete the handover due to Jenny working away.
