Introduction

You are advised that in line with National Industry Guidance the undernoted admission policy is in operation throughout the above swimming pools in Moray.

All children under the age of 8 must be accompanied in the water by a person who must be aged 16 years or over. This person can be responsible for up to 2 children under the age of 8, regardless of whether the children can swim or not.

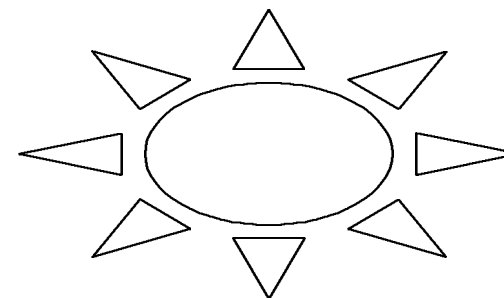

Persons responsible for children are reminded of their duty to remain in full eye contact with them at all times during their visit to the pool. If for any reason a child must be left for a short while you must take temporary alternative arrangements, to the satisfaction of the staff.

If you wish to discuss any of the above, please do not hesitate to contact a member of staff.

Thank you for your co-operation with this important safety issue and for your continued support of the pool.
