

Review of Greener Operational Groups
As at November 2009

REMIT & MEMBERSHIP

Co-ordinating Group

The Greener theme will have no co-ordinating group.

Operational Groups

The Greener Operational groups have been decided based on the key actions from their Local Delivery Action Plan. Each key action will fit under one of the 5 operational groups and it will be the operational group's job to ensure these actions are being carried out. The Lead Officer of the strategic group will appoint a lead to each of the operational groups and these leads will submit reports to each Greener Strategic Group meeting on their progress with their specific key actions. Once a lead is established for each operational group, the members of that group will then be decided on.

2. Energy Efficiency

The role of the Energy Efficiency Group will be to carry out the key actions: "Awareness raising of alternative fuels, sources and building techniques" and "Adoption of energy efficiency targets and objectives for existing buildings"

3. Travel

The role of the Energy Efficiency Group will be to carry out the key actions: "Widening travel choice", "Improvement, Promotion and Management of Moray's Core Paths Network" and "People will be able to access sustainable transport"

4. Flood

The role of the Energy Efficiency Group will be to carry out the key actions: "Design and implementation of flood alleviation schemes throughout Moray"

5. Green Procurement

The role of the Energy Efficiency Group will be to carry out the key actions: "Green Procurement"

6. Waste & Recycling

The role of the Energy Efficiency Group will be to carry out the key actions: "Development of Waste Recycling & Diversion"
