

APPENDIX 1

Note: The distribution of a datazone between different Multi-Member Wards has now become available, where this applies, as not all datazones fall entirely within one Ward. The percentage value indicates the percentage of residential areas in the datazone located within a given Ward. This has been performed by areal interpolation by the GIS team and is not 100% accurate.

Moray Datazones in 15% Most Deprived in Scotland by Domain SIMD 2009

Income			Health		
<i>Name</i>	<i>Rank</i>	<i>Ward</i>	<i>Name</i>	<i>Rank</i>	<i>Ward</i>
