

## Income and Employment: Scottish Index of Multiple Deprivation (SIMD) 2009 With Relationship to Crime, Social Rented Housing and Public Transport

### What this document contains

This document shows how small areas of Moray, grouped by nearest settlement, perform nationally on the overall income, employment and crime domains and the public transport sub-domain of the Scottish Index of Multiple Deprivation. It also shows using a 3-colour system whether these areas are in the most significant in Moray for a variety of indicators used to calculate these domains. This is intended to reveal the reasons for an area being in the most deprived in Scotland and also where particular issues are focussed geographically in Moray.

Details of indicators used to calculate these domains are presented in **Error! Reference source not found.A**.

KEY:			
20% most deprived in Scotland	20%	10% most deprived in Moray*	
40% most deprived in Scotland	40%	20% most deprived in Moray*	
		30% most deprived in Moray*	

\* Note for Crimes, Social Rented Housing and Welfare Benefits these colours indicate the 10%, 20% and 30% highest values

### Income – Summary of Findings

- The areas of Moray with the most significant concentrated income deprivation are Elgin (eastern side of town and New Elgin), Buckie (town), Lossiemouth (central and west of town), Lhanbryde (eastern side of town) and Forres (north and west).
- There are also concentrated areas of income deprivation in Keith (Balloch Road / Den Crescent area) and Rothes (Provost Christie Drive area).
- Areas in the 40% most income deprived in Scotland almost all have a high proportion of social rented housing.

### Employment – Summary of Findings

- The most significant concentrated employment deprivation is in Forres (central and north, including Applegrove Primary School area, Burdshaugh and Waterford), Elgin (Cathedral and Lesmurdie areas) and Buckie (Millbank Primary School area, around Milton Drive, Douglas Crescent to Linn Crescent.).
- There are also concentrations of employment deprivation in Lossiemouth (Boyd Anderson Drive area) and Rothes (Provost Christie Drive area).
- Areas in the 40% most employment deprived in Scotland almost all have a high proportion of social rented housing.
- Areas of Moray in the 40% most employment deprived in Scotland all have a high concentration of Incapacity Benefit/Severe Disablement Allowance claimants.

### Other Findings of Note

- **Public Transport:** Areas in the north east of Elgin (Kingsmills, South Lesmurdie) and the east of Lhanbryde (east of primary school) are in the 20% or 40% most income and/or employment deprived in Scotland and also in the 30% most public transport deprived in Moray.
- The majority of areas with the most extreme public transport deprivation do not show high figures for income and employment related statistics. However, some rural areas with among the highest public transport deprivation also show high figures for certain income and employment related benefits. These include an area to the south west of Portgordon, an area to the north east of Dufftown, an area to the south east of Elgin and an area to the south west of Forres.
- **Lone Parents:** Areas with high concentrations of lone parents claiming income support include multiple areas of Elgin, central and east Buckie, south Fochabers, central and

south Forres, the Balloch Road and Fife Keith areas of Keith, Burghead, east Lhanbryde, south-west Lossiemouth, Portknockie and Rothes.

- **Pension Credit:** Areas with high concentrations of older people claiming the guaranteed component of pension credit include multiple areas of Buckie, Elgin and Forres, Burghead, Findochty, east Hopeman, central and east Keith, south west Lossiemouth, Portgordon, Portknockie, west of Rothes and the Tomintoul/Glenlivet surrounding area.
- **Crime:** The majority of areas in the 40% most income or employment deprived are also in the 40% most deprived in terms of crime (i.e. they have the highest number of crimes).
