

REPORT TO: GREENER STRATEGIC GROUP 26TH MARCH 2009

SUBJECT: SINGLE OUTCOME AGREEMENT 2008/09 - QUARTER 3 UPDATES

BY: CORPORATE POLICY UNIT MANAGER

1. REASON FOR REPORT

- 1.1 The reason for the report is to: -
- a) Provide the Group with an update of performance against the Single Outcome Agreement Performance Indicators relating to the Greener theme, and
 - b) Advise the Group on the progress made against the Single Outcome Agreement Required Actions relating to the Greener theme.

2. RECOMMENDATION

- 2.1 The Group is requested to scrutinise and note the update of performance regarding the Performance Indicators relating to the Greener theme, as laid down in the Single Outcome Agreement 2008/09.**
- 2.2 The Group is requested to scrutinise and note progress made against the required actions relating to the Greener theme, as laid down in the Single Outcome Agreement 2008/09.**

3. BACKGROUND

- 3.1 At the meeting of the Community Planning Board on 29th May 2008, it was agreed that National Outcomes 12 and 14 from the Single Outcome Agreement 2008/09 related to the Greener theme and that performance against performance indicators and required actions included within these national outcomes would therefore be reviewed by the Greener Strategic Group.

4 EXECUTIVE SUMMARY OF PERFORMANCE

4.1 Full details on updates for required actions are detailed. (Appendix 1)

Outcome 12

Progress being made against all actions

Outcome 14

Progress being made against all actions

4.2 Reminders have been sent to all Single Outcome Agreement (SOA) contacts to remind them of their reporting requirements for 2008-9. It states that the SOA Guidance for Community Planning Partnerships advised that an interim report on the first phase SOA would be provided by local government in April and that this would be drawn from the summaries of local progress and achievements to be provided within the Local Context sections of the SOA template.

4.3 Further an important element of the SOA approach is the annual reporting process, with the first reports on progress made in 2008-9 becoming available in September 2009. The SOA guidance published in October 2009 explained that the reporting process will have a dual purpose: first, an outward focus reporting to communities and the public on the delivery of outcomes in the local area; and second to report to the Scottish Government the Council or Partnership's contribution towards delivery of outcomes which support the National Performance Framework.

4.4 It is anticipated that most of the information to inform these two reports will be taken from the information gathered for reporting to the theme groups. However the actions in the appendix give a general indication of progress and some are more informative than others. Given this, it may be that further approaches to lead officers for each action will be required to define the actual work undertaken and how it has contributed to the delivery of the outcome. Further there will be a need to gather information quickly for the end of year update required for the April report.

4.5 Performance Indicator (see Appendix 2)

National Outcome	Number of PIs	Performance Improved	No change in Performance	Performance Worsened	Not Known
12	12	2	5	4	1
14	10	3	0	4	3
TOTALS	22	5	5	8	4

4.6 When considering the quarter 3 results at the Safer and Stronger Strategic Group, it was suggested that a traffic light system be used to show if the indicator was improved and worsened over the period.

The Research & Information Officers have suggested including red or green arrows which is hoped to give a clearer indication of performance.

- 4.7 The information should be interpreted as: - The direction of the arrows (up or down) show the direction of travel for each indicator. But to show whether this is an improvement or not the arrows have been colour coded with red arrows showing a worsening performance against the indicator and the green arrow showing an improvement.

- 6.2 The Group is requested to scrutinise and note progress made against the required actions relating to the Greener theme.**
