Central Services have a very wide remit and comprise of four main areas.

- **Committee** Services convene all official meetings of the Council, prepare and despatch all agendas and Committee papers and carry out other administrative tasks, oversee the Registrars function, and provide organisational and administrative support to the Returning Officer at all General, Parliamentary, European, Local Government and Community Council Elections.

- **Estates** Services manage the Council’s leased properties (excluding council housing) and the industrial land and property interests. Currently, this service is in the process of moving and restructuring to become an integral part of Housing and Property through the Designing Better Services Project.

- **Legal** Services provide commercial, conveyancing, litigation and licensing Services and are responsible for ensuring that all Council Services comply with relevant legislation that govern the provision of their particular service and that the actions of services in the name of the Council are lawful and proper.

- **Personnel** Services support Departments in managing Recruitment and Selection; Employee Relations; Personnel Administration; Employee Development; Health and Safety and Training.

**R D Burns**
Chief Legal Officer

3.2 ISSUES AFFECTING THE SERVICES

National Priorities in the New Single Outcome Agreement and Local Priorities

Community Planning in terms of decision-making and governance (e.g. scrutiny, political relations, community engagement)

Best Value 2 in terms of equalities, performance, governance, procurement, asset management and people management

Corporate Governance / Priorities and Risks Framework – the development and promotion of a culture of propriety and legality to ensure the Council’s affairs are managed in accordance with proper standards of conduct, integrity and openness and the compliance with the law in terms of Code of Corporate Governance and Code of Conduct for Councils and employees.

Risk Management

Introduction of legislation and Government initiatives

Local Priorities
During 2009 the achievement of Legal Services' service improvements has been particularly affected by the need to support and respond to local priorities such as the FAS and the Schools PPP. Fortunately the following improvements have been absorbed into ‘DBS’

- Improved productivity and level of service
  a. Implement pilot of better access to office systems for home workers
  b. Report on pilot of better access to office systems for home workers
  c. Investigate and implement use of digital dictation
- Investigate and report back on shared document management systems with Estates section
- Case Management
  a. Investigate and report on use of bespoke case management software
  b. Review current PI’s to see if they can be improved
- Workflow Management
  a. Investigate bespoke workflow management software against internally created procedures
  b. Draw up a programme to complete all work identified
  c. Implement programme
Access to Committee, Legal, Estates and Personnel services can be made either directly at the council offices, by telephone or e-mail or via the council’s website. The services we provide to our clients are delivered regardless of age, sex, disability, race, sexual orientation, religion or beliefs and a number of policies are in place to support this.

Like all other departments, Central Services has access to Language Line for use in all its services.

Personnel ensure that the appropriate data is collected and analysed to produce relevant indicators that there is full compliance with equal opportunities legislation and that employment policies are reviewed in terms of compliance with legislation.

The Council recognises its obligations to the community to ensure that people with disabilities are afforded equal opportunities and that there is compliance with the requirements of the Disability Discrimination Act 1995.

Estates continue to play a crucial role in auditing all Council properties and producing a programme of adaptations to ensure that services provided from key properties are accessible to the disabled.

A number of equality impact assessments will be undertaken during the period of this Plan.
3.4 SUSTAINABLE DEVELOPMENT

Committee Services continues to support sustainable development in terms of reducing the use of paper etc when issuing Agendas and associated reports, which are available via the Council's intranet and Internet site.

The Estates service continues to assist in identifying future housing, industrial, leisure, and commercial land requirements. This ensures that the current service and future service delivery is sustainable. Through measuring and monitoring energy and water consumption, a system of targeting energy saving measures coupled with the promotion of energy efficiency, the Estates service manages the Council’s aim to make the best use of scarce energy resources, reduce water consumption and reduce emissions of greenhouse gases.

Personnel remain actively involved in advising and supporting services through organisational change. Training initiatives consider what resources are already in place or available elsewhere within the Council, before embarking on further acquisitions. Health and Safety exists to stop or minimise incidents, which damage people or things and an essential part of the strategy to protect the environment and secure a better life for people.

3.5 HOW WILL THE PRIORITIES BE MONITORED AND EVALUATED?

The Local Government (Scotland) Act 2003 places a duty upon all local authorities to ensure Best Value and Community Planning are at the heart of Council practice. The Moray Council has adopted a Performance Management Framework that will ensure that improvement plans are developed and monitored

This Plan will be monitored as follows: -

<table>
<thead>
<tr>
<th>By Whom</th>
<th>Frequency</th>
</tr>
</thead>
<tbody>
<tr>
<td>Departmental Management Team &amp; Chief Legal Officer</td>
<td>Quarterly</td>
</tr>
<tr>
<td>Policy &amp; Resource Committee</td>
<td>Quarterly</td>
</tr>
<tr>
<td>Corporate Management Team</td>
<td>Quarterly</td>
</tr>
</tbody>
</table>
3.6 STAKEHOLDERS

We have identified and listed our stakeholders

Other Council Services
Partner and other public sector organisations
Business and Commerce
Professions
Voluntary Sector

Across the Service there are a number of clients and links to several stakeholder groups affecting the service priorities identified.
3.7 PRIORITY AREAS FOR THIS PLAN

There are 10 key priority areas which have come out of the 2009 Single Outcome Agreement, these are:

<table>
<thead>
<tr>
<th></th>
<th>Priority Area</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Health – Improving the health and well being of the population</td>
</tr>
<tr>
<td>2</td>
<td>Alcohol – Reducing the personal and community impact of alcohol misuse</td>
</tr>
<tr>
<td>3</td>
<td>Elderly &amp; Vulnerable – Caring for the elderly and vulnerable</td>
</tr>
<tr>
<td>4</td>
<td>Housing/Homelessness – Addressing the shortage of affordable housing and tackling homelessness</td>
</tr>
<tr>
<td>5</td>
<td>Attainment/Achievement – Improving the overall qualifications and attainment of the population</td>
</tr>
<tr>
<td>6</td>
<td>Young People – Ensuring effective early intervention and improving the life chances of looked after children</td>
</tr>
<tr>
<td>7</td>
