Multi-agency Action Plan	31 Mar 2010	<p>Monitoring procedures now in place and reported regularly to Moray Chief Officers Group (MCOG). These monitoring procedures are now well established and form a consistent part of MCOGs remit. Focus has now turned to refining that process and insuring that impact is measurable and recorded, with MCOG able to challenge lack of impact based on the information in front of them.</p> <p>The HMle interim follow up inspection of June 2009 describe the progress made in addressing the challenges placed in front of Moray Children's Services in the original report of February 2009.</p>	93 %
Domestic abuse	31 Mar 2010	<p>Domestic abuse focused media campaign held including Awareness advertisements, and Moray Against Violence Summer Campaign, Broken Rainbow, and White Ribbon campaigns. Domestic abuse training for 417 staff carried out. The last year has seen targeted campaigns spaced out within each quarter along with a substantial increase in training.</p> <p>Unfortunately funding was withdrawn for the Domestic Abuse Conference which results in this action not being completed, however the introduction of the family support workers will bring continued benefits throughout the next financial year. The two successful candidates for the Domestic Abuse Family Support Workers are due to take up their posts in May 2010.</p> <p>The activities throughout the last financial year have contributed to a gradual overall decline in the number of victims reporting abuse, however despite few reported incidents alcohol remains a major factor.</p> <p>This has contributed towards Local Outcomes 16/ 17 and National Outcomes 8/9.</p>	71 %

Lifelong learning strategy	31 Mar 2010	<p>Moray College increased its enrolments to 8,734 in 2008/09. This represents a 16% increase on the 2007/08 intake level. In 2008-09, the percentage of Moray school leavers entering further or higher education was 56.7%, This was the highest in a decade and represents a 5.1% increase on 2007-08. In order to bring about these improvements, it has been necessary for the partners to initially agree the operating structure and then determine the strategy. The first requirement has been arrived at by way of the re-forming of the Moray Lifelong Learning Forum which has now agreed a Lifelong Learning Strategy for Moray. The Forum has also found it necessary to devote considerable time to arriving at a much clearer understanding of the baseline against which progress will be measured. This is nearing completion and will then permit the identification of specific objectives for bringing about change and improvement.</p>	85 %
