

Appendix 1

Social Inclusion Implementation Group - Role and remit

The Role of the group will be to:

- Address social inclusion issues, as detailed in the Social Inclusion Strategy.
- Address issues relating to the Fairer Scotland Fund, as detailed in the funding submission.
- Address the equality agenda within the partnership structure.
- Focus on developing capacity building strategies, which support the community engagement function of the partnership.
- Focus on the crosscutting issues between the two areas of safer and stronger by addressing the shared priorities and actions to support the individual strategies.
- Promote good practice within the areas covered by this theme.
- Approach problem solving through thinking and working laterally

The remit of the Co-ordinating Group will be to manage the delivery of actions required to meet the priorities and include members at a senior level in partner organisations.

- Target resources effectively to deliver priorities
- Ensure overall delivery and monitoring of the priorities
- Target intervention and actions based on evidence-based data
- Evaluate impact of intervention or action based on evidence
- Compile focused assessments to consider specific problems relating to agreed priorities for the next period
- Identify any new issues
- Progress made in relation to the current problem solving activity and identifies any potential resource requirement.
- To implement the Social Inclusion Strategy
- To monitor the Social Inclusion Strategy
- To advise the Safer & Stronger Theme group on Social Inclusion issues
- To manage the Fairer Scotland Fund (Employability Group)
- To ensure that all strategies policies and action plans reflect the Social Inclusion Strategy
