INTRODUCTION

This is the fifth and final annual update of the 2004 to 2009 Local Housing Strategy (LHS). The 2009 update is presented in the same format as the previous four updates.

In June 2008 the Scottish Government issued new Guidance for future Local Housing Strategies which indicates that the Moray Council should introduce its new Local Housing Strategy along with its new Development Plan. This will mean that a new LHS will not be required until 2013. In December 2008 the Housing Strategy Group agreed that the Council should develop an Interim LHS to cover the period between the current LHS (2004 – 2009) and the new LHS from 2012. Any actions remaining from this review, which are still relevant in 2009/10 will be included in the Interim LHS 2010 – 2013.

Section 1 – provides an overview of the work that has been done during the past year. This includes completing any outstanding actions from 2007/8, in addition to the work carried out during 2008/9.

Section 2 – presents an action plan to be progressed throughout 2009/10, leading to the Interim LHS 2010 – 2013. Any actions remaining from the 2009/10 Action Plan will be included in the Interim LHS.

SECTION 1 - SUMMARY OF PROGRESS

This section considers progress and performance against the strategic objectives listed below. There is a summary of progress on the identified actions with the updated action plan for 2008/9 at the end of the summary.

ACCESS TO HOUSING

Strategic Objective 1

To widen and facilitate access to housing in Moray by making the housing system work more effectively

Strategic Objective 2

To prevent and alleviate Homelessness

Strategic Objective 3

To guarantee equality of access to housing opportunities in Moray with respect to age, gender, ethnicity and disability

			No. of actions
Actions 2008/9	✓	Target met	5
		Work in progress	9
		To be actioned	4

Actions Achieved:

- Updated Housing Options Guide produced August 2008
- Access Group for BME groups established.
- All Equality Impact Assessments have been completed.

Significant progress with ongoing actions:

- Work progressed on the CHR. A target implementation date has been set of November 2009.
- Review of Unauthorised Encampments Protocol will be considered by Communities Committee in August 2009.
- One site has been identified as having potential for use as an authorised site for gypsy travellers. Communities Committee has asked that more sites are identified and this work will progress through 2009/10.
- Joint training opportunities with RSLs pursued through Moray Social Housing forum but no training took place.

What still needs to happen?:

- Consider a Low Cost Home Ownership waiting list, following implementation of the Common Housing Register.
- A review of the remits of 4 Homelessness Strategy Theme Groups will begin in May 2009 (2 actions).
- Joint training to raise awareness amongst all housing providers about ethnic minority communities
- Detailed proposals need to be developed for the reprovisioning of the Covesea Road Young Persons Project. This will be taken forward during 2009/10 and will be considered for inclusion in the 2010/11 SHIP.

QUALITY OF HOUSING

Strategic Objective 4

To improve and maintain the quality of existing housing in Moray, including energy efficiency to HECA requirements

Strategic Objective 5

To seek to improve the quality of new build housing in Moray across all tenures and to encourage housing that is built to Lifetime Homes standard and environmentally friendly principles

			No. of actions
Actions 2008/9	✓	Target met	11

Actions Achieved:

- BTS Action Plan has been agreed
- Heating systems using renewable energy (air source heat pumps) fitted to Council properties.
- Business Plan was updated in summer 2008. SHQS milestones reviewed as part of this process.
- Moray Local Plan 2008 was adopted December 2008.
- Telecare project was evaluated and will be taken forward through the Older Persons Strategy.
- Site identified with potential for innovative, sustainably designed social housing.

Significant progress with ongoing actions:

- A Scheme of Assistance working group has been established. A target has been set for completion of a consultative draft Scheme by August 2009.

HOUSING AND COMMUNITY CARE

Strategic Objective 6

Maximise the choice of housing, support and care combinations for all special needs groups and, in particular, enable all those wishing to stay at home to do so with the appropriate support, where practicable

Strategic Objective 7

To meet requirements for special needs housing within communities for those not wishing or able to remain in their own home but who wish to remain in their community

			No. of actions
Actions 2008/9	✓	Target met	6
		Work in progress	2
		To be actioned	2

Actions Achieved:

- A multi-agency Adaptations Partnership has been established to continuously improve the disabled adaptations service and an Action Plan has been developed.
- A specialist development for persons with learning disabilities is planned in Elgin through Moray Volume Procurement 3.
- Lifetime Homes were promoted during discussions with RSLs

Significant progress with ongoing actions:

- The Sheltered Housing Review is being progressed. Area reviews will be carried out during May – August 2009.

What still needs to happen?

- The Scottish Government has yet to publish the Housing Support Guidance.
- A housing information and advice service for those with a physical and sensory disability needs to be developed.

SUSTAINABLE COMMUNITIES AND SOCIAL INCLUSION

Strategic Objective 8

Maximise the investment in and the provision of affordable housing to meet the housing need requirement in Moray

Strategic Objective 9

To help create and sustain neighbourhoods that are safe, socially mixed and supportive

Strategic Objective 10

To support and encourage wider role activities which contribute to social inclusion and community regeneration

Strategic Objective 11

To eradicate fuel poverty from all vulnerable groups by 2016

Strategic Objective 12

To provide maximum opportunities for tenant participation and empowerment throughout the social rented sector

Achievements:

- Target for new affordable homes updated
- Joint appraisals of SDFPs carried out, in preparation for SHIP. Progress on SHIF monitored and the SHIP was submitted in November 2008
- 3 developments in Elgin, Buckie and Forres are progressing through Moray Volume Procurement 3
- 1 open market LIFT (formerly Homestake) sale completed.
- Pressured Area Status designation for Forres granted February 2009.
- Rural Housing Enabler Project reviewed and extended
- Plans for LHS review and for Interim LHS 2010 - 2013 agreed
- The Fuel Poverty Strategy 2009 – 2014 has been reviewed and plans for a new Strategy have been agreed.
- Bid for funding for Council new build was successful.

Significant progress with ongoing actions:

- Consultation period on Draft Supplementary Guidance on Affordable Housing ends 8 April 2009. Report to Communities Committee in May 2009.
- The Cairngorms National Park Authority continues to promote the use of all available means to increase supply of affordable housing in the park. (Action 1.5 also refers).
- Registered Tenant Organisations (RTOs) are regularly represented at local neighbourhood forums but RTOs do not currently cover all areas of Moray. Tenant participation is promoted through the Tenant Participation Strategy 2008 – 2013.
- Employment opportunities progressed through DEVANHA.

What still needs to happen?

- Tenant Participation Strategy due for annual review in May 2009.

SECTION 2 – DEVELOPMENT OF THE INTERIM LOCAL HOUSING STRATEGY 2010 - 2013

This section provides the 'bridge' between the original action plan in the 2008/9 Action Plan and the 2009/10 Action Plan.

The first part is a discussion of the changes that will impact on the LHS. The second part is Action Plan for 2009/10, leading up to introduction of the Interim LHS 2010 - 2013.

Access to housing

There have been continuing technical delays with the Common Housing Register. We now project that implementation could be achieved for November 2009. We will consider a Low Cost Home Ownership Waiting List after implementation of the Common Housing Register

The Private Sector Housing Grants Section is now fully staffed again and work has commenced on implementation of the Housing (Scotland) Act 2006. A Scheme of Assistance is being developed through a working group. The Care and Repair service continues to be reviewed on an annual basis. An Action Plan has been agreed to address properties known to be below tolerable standard, although this plan will be implemented through the term of the Interim LHS 2010 – 2013.

We continue to make efforts to provide sites for gypsy travellers. Members have considered one site but have asked that officers find more potential sites for consideration. The Housing Service has made good progress on reviewing its Unauthorised Encampments Protocol in an effort to balance the needs of gypsy travellers with those of the settled community, and to present an approach consistent with Aberdeen City and Aberdeenshire Councils, but the Protocol is yet to be agreed.

The Council continues to be under considerable pressure as a result of the increasing needs of homeless people. The Council was inspected by the Scottish Housing Regulator during 2009 and achieved a C grade for its Homelessness Service. An Improvement Plan has been developed to address the issues resulting from the Inspection Report. This will form the basis for the way the Homelessness Service moves forward over the next 2 years.

The Council will prepare a response to the consultation issued by the Scottish Government on the Housing (Scotland) Bill 2009. The Bill proposes restricting the right to buy, which will in turn maintain the supply of affordable housing and modernising the way social housing is regulated.

Quality of Housing

The final Guidance for the Housing (Scotland) Act 2006 was published in March 2009. The Council is required to publish a Scheme of Assistance by 1 April 2010. The Council will continue to seek to identify any potential Housing Renewal Areas. The Housing Service has, in conjunction with the Environmental Health Service,

agreed a BTS Action Plan which will be taken forward during the term of the Interim LHS through the Scheme of Assistance. The BTS Action Plan involves the Council contacting owners of BTS properties, on a phased basis, offering information and advice, and in most circumstances some form of financial assistance, but ultimately may involve the Council using legal sanctions available to it.

The Fuel Poverty Strategy 2004 – 2009 has been reviewed and a plan has been agreed for the development of a new Fuel Poverty Strategy. There are linkages between the Fuel Poverty Strategy and the Social Inclusion Strategy. (11.1)

The Council will continue to support a pilot scheme to develop affordable housing in Drummur, using strawbale construction which is innovative, sustainable, and is thought to be the first of its kind in Scotland.

The Development Plan was formally adopted in December 2008 and will remain in force for 5 years, until 2012. Scottish Planning Policy SPP3: Planning for Homes (Revised 2008) sets out the Scottish Government's policy on the identification of housing requirements, the provision of land for housing and the delivery of homes through the planning system. SPP3 requires closer links between Development Plans and Local Housing Strategies.

Housing and Community Care

A multi-agency Sheltered Housing Review Group has been established, which will take forward the recommendations of the Strategic Review of Sheltered Housing and Housing Options for Older People by Craigforth in 2008. The Group has agreed that area reviews of sheltered housing will be carried out in the first few months of 2009/10.

A new housing project for 9 persons with mental health problems will be delivered through Moray Volume Procurement 3.

Although the Scottish Government has not yet published its Housing Support Guidance, Moray Council has a Housing Support Review under way. The Review has two aims:

- to combine the Young Persons (16-24) Project with the Resettlement Service and will be complete by September 2009.
- to review community and residential support provided by external voluntary organisations which will be ready for retender by 2012.

Sustainable Communities and Social Inclusion

An application for pressured area status for Forres was submitted to the Scottish Government in December 2008 and was approved in February 2009. The Council will continue to monitor key indicators with a view to identifying any other areas which merit further applications for pressured area status.

A consultation period has begun on a revised Draft Supplementary Planning Guidance on Affordable Housing. The Consultation period will end on 8 April 2009

and therefore this action will be continued into the term of the Interim LHS 2010 – 2013.

The Council reassessed the number of affordable units required over the next 5 years using secondary data and the Housing Needs Model provided with the Housing Needs and Demand Study 2007. This resulted in the number of affordable units required increasing from 219 to 255 units per year for 5 years in order to meet backlog and newly arising housing need. This work contributed to the SHIP which was submitted to the Scottish Government in 2008.

The Council has reviewed the first year's operation of the Rural Housing Enabler and has agreed to continue to fund the pilot for a second year. The primary aim of the pilot is to identify housing needs in the more remote areas and provide solutions to meeting these needs. In the first year the Rural Housing Enabler has concentrated in the Speyside area and on building relationships across all tenures, but has also completed 2 housing needs studies which will contribute to housing need assessment in the future, and has facilitated 1 open market LIFT house purchase in a rural community. In the second year, the Rural Housing Enabler will carry out similar work in the rural communities around Forbes and Buckie.

Following the announcement that the Scottish Government had made £10M available for Council's to bid for funding for Council new build properties, the Council has carried out extensive research into the viability of a variety of sites for this purpose. In April 2009 the Scottish Government confirmed that Moray Council would receive funding for £1M to part-fund building 40 new Council houses. A contractor will be appointed to the project in May 2009, with the houses due for completion in 2011. The Council is currently preparing a second bid for a further 40 new Council houses. In March 2009 the Scottish Government announced that RSLs in Moray were to receive £12M AHIP funding for 2009/10.

Strategy Development

During 2009/10 the Council will consult, complete and implement the revised Supplementary Planning Guidance on Affordable Housing. The Fuel Poverty Strategy has been reviewed and the Housing Service will carry out a public consultation on a new Fuel Poverty Strategy in autumn 2009.

The Housing Strategy Group agreed the future direction of Moray's Local Housing Strategy in December 2008. The Scottish Government published revised LHS guidance in June 2008 and revised SPP3 in July 2008, which require closer liaison between the LHS and the Development Plan. Moray's Local Plan was adopted in December 2008 and a new Local Plan will not be required until 2013. The Housing Strategy Group has agreed that the Council should produce an Interim LHS 2010 – 2013, with a new LHS to be published in 2013.
