(a) Corporate Development Plan/Community Plan/Service Improvement Plan

The SOA should inform the contents of the Community Plan and partners' strategic documents.

The Council must meet requirements of the Scottish Government to comply with the Concordat. The Community Planning Statutory Partners are required to sign up to the whole SOA and be held accountable for its delivery.

(c) Resources (Financial, Risks, Staffing and Property)

The resource implications of the local delivery action plans are highlighted under each theme group discussion.

(d) Consultations

Consultations have been held with the various partners listed in the report and the appendices.

5.0 **CONCLUSION**

5.1 **Considerable amount of work has been undertaken to develop the local delivery action plans which support the Single Outcome Agreement 2009-10. This is a developing process which will improve with time. However the milestones will provide a measurable indication of whether the action is being carried out and the impact against the outcome will provide information for the required public performance report.**

5.2 Some of the plans may need further details provided by the lead officers on the potential resource implications for partners. Any plans needing this level of detail can be identified at the meeting
